Marge,

The short wall is 163' x 50' or 8150 s.f. $\times 5\% = 407.5\# \text{ MAX}$

The long wall is 250' x 50' or 12,500 s.f. $\times 5\% = 625\# \text{ MAX}$

78# shown

78# shown

The two existing signs are 48" x 118 3/8" or 39 s.f. each for a total of 78 s.f.

The new signs are 36" x 155" or 39 s.f. each for a total of 78 s.f.

Roger,

I need some more information concerning the sign install. I need to know the dimensions of the side(s) of the building that the sign will go on. - Also the size of existing signs. You can not have more than 5% of the wall face with a sign on it. It also looks like you will be placing two signs, not one. Please confirm information - your permit is on hold until I can get the information to review for compliance.

thank you,
 Marge Schmuckal
