Hello,

Please find attached a Building Permit Application for the above address.

We will be swapping the windows with exact same replacement windows, except for the 4 window noted on the application. We will be making these 4 windows smaller than the existing windows.

We also will be building 2 small walls in the bathrooms at one end of the Tubs. It appears there used to be a wall there, but it had been removed prior to our recent purchase.

Please let me know if you have any other questions.

Thanks,

Tim
