Ann,

I am writing to follow up on the request to add fill at 26 Vaill Street.

For now, I would like to add about 3 yards of crushed rock and gravel to the areas marked in the photographs below.

The fill would cover an area of 10' x 17' x 4" and an area of 7' x 17' x 4".

That totals about 3.5 yards.

I hope this scaled down request could be permitted relatively soon

as a place to rest my dock for this season.

Thank you for your attention to this request.

Sincerely,

Phil Notis
