Automatic Fire Sprinkler Compliance Letter

Dear Mr. Ouelette,

This letter serves as Dean & Allyn's statement of compliance regarding the design and installation of the automatic fire sprinkler system for the referenced project. All work provided was done in accordance with the requirements of NFPA 13 and local & state codes.

The subject work primarily involved modifying the existing sprinkler system for new renovations to an existing light hazard occupancy per NFPA 13.

The existing feed and floor control valves supplying the subject space remain left in service at the time of this statement.

Sincerely,
