STATE OF MAINE  
CHIMNEY OR FIREPLACE DISCLOSURE

Dear Consumer: State law, specifically 32 M.R.S.A., Chapter 33, requires chimney or fireplace installers, as of January 1, 1992, to provide you with this Disclosure prior to the installation work being done on your chimney or fireplace. The purpose of this Disclosure is to help you, as a consumer, make an informed decision as to the abilities of the installer and under what requirements the installation must comply. It is important to note that the State of Maine does not require registration or licensure of chimney or fireplace installers; however, it is just as important to realize that many fires are caused each year by improperly constructed fireplaces and chimneys. For further information about this law, call the Division of Licensing & Registration at 624-8629 or write to the Division at #35 State House Station, Augusta, Maine 04333.

Installer, please give a brief description of installation being offered.

DIRECT VENT GAS FIREPLACE ON  
1ST FLOOR. VENTED OUT THROUGH SIDEWALL

I, Brian D. Norton, the installer, hereby attest that the preceding information provided is true to the best of my knowledge. I also understand that if I fail to conform with the standards as outlined in NFPA 211 that I shall be subject to penalties as outlined under Title 32, Chapter 33, Oil and Solid Fuel Board.

Signature Brian D Norton Date 11/14/03

### INSTALLATION STANDARDS

Please check the type of unit(s) that will be installed:

Factory-Built Chimney and Chimney Units.

Factory-built chimney and chimney units shall be listed and shall be installed in accordance with the temperature conditions of the listing and the manufacturer's instructions and all requirements of NFPA 221 for chimneys, fireplaces, vents and solid fuel appliances.

Masonry Chimney.

Masonry chimneys shall be designed, anchored, supported and re-enforced as required by NFPA 211 for chimneys, fireplaces, vents and solid fuel appliances.

Metal Chimney.

Metal chimneys shall be constructed in accordance with NFPA 211, and shall apply good engineering practices as necessary for:

- 1. Strength to resist stress
- 2. Adequate anchoring and bracing
- 3. Durability
- 4. Security against leakage
- 5. Allowances for thermal expansion

Factory Built Fireplace.

Factory built fireplaces shall be listed and shall be installed in accordance with the terms of its listing and all applicable sections of NFPA 211.

Masonry Fireplace.

Masonry fireplaces shall meet the requirements of NFPA 211, Chapter 7 and all other pertinent sections.

Other

Please list on separate sheet of paper if making repairs of pre-existing chimneys, such as repair or replacement of chimney liners, etc.

### CONSUMER CHECKLIST

- 1. Have you asked for references to be provided by the installer?
- 2. Is the installer familiar with the NFPA 211 codes and does the installer carry a code book?
- 3. If the installation is a pre-fabricated or fireplace, is its manufacturer registered with the Maine Oil & Solid Fuel Bd.
- 4. Does the installer provide any type of written guarantee for the product installation being proposed?
- 5. Has the installer provided you with a written contract? 10 M.R.S.A. Chapter 219-A requires written contracts for any home remodeling or construction with an estimated cost in excess of \$1,400.
- 6. Have you asked the local fire department or code enforcement officials to inspect the installation during and after completion?
