RE: 40 Read Street CBL: 156-A-021

An evaluation of your property at 40 Read Street on April 18, 2003 revealed that the structure fails to comply with Section 14-90(2)(a) and 14-90(3)(a) of the Land Use Ordinance of the City of Portland. A stop work order was placed on the construction of the new structure located on the rear of your garage.

A permit application to build an attached shed on the rear of your existing garage was received from you on 05/22/2003. After reviewing your plot plan you are unable to comply with Section 14-90(2)(a) which requires a 25 foot setback in the R-3 Zone. Your permit is hereby denied under section 14-52 Conformity Required of the Land Use Ordinance of the City of Portland which states:

No building or structure shall be erected, altered, enlarged, rebuilt, moved or used, and no premises shall be used unless in conformity with the provisions of this article.

This is a notice of violation pursuant to section 116.2 of the Code. The structure MUST be removed within 30 days of the date of this notice. An inspection of the premises will occur on July 10, 2003, at which time compliance will be required. Failure to comply with this notice will result in this office referring the matter to the City of Portland Corporation Counsel for legal action and possible civil penalties, as provided for in Section 1-15 of the code and in Title 30-A M.R.S.A.ss4452.

This constitutes an appealable decision pursuant to Section 14-472 of the Land Use Ordinance. If you wish to exercise your right to appeal, you have 30 days from the date of this letter in which to appeal. If you should fail to do so, my decision is binding and not subject to appeal. Please contact this office for the necessary paperwork that is required to file an appeal. 874-8703.

Sincerely,

Tammy Munson

Donald Wright c/o The Signery 299 Forest Avenue Portland, ME 04101

RE: 1334 Washington Avenue - 437-A-001 - R-P zone sign application #03-0607

Dear Donald,

I am in receipt of your permit application to hang an attached sign on the building at 1334 Washington Avenue. This building is located within an R-P residential-professional zone. Section table 2.3 of the City of Portland's sign ordinance specifically states that signs attached to buildings (other than incidental and/or directory signs) are expressly prohibited. Your permit is denied based upon the requirements of the City's R-P sign ordinance.

Freestanding signs are permitted within the R-P zone. Freestanding signs within the R-P zone are allowed up to 30 square feet, no more than 8 feet in height, with a setback of 5 feet to your property line. If you wish to revise your application to show a freestanding sign instead of a building sign, I would be glad to review it under the given requirements. You will have thirty days from the date of this letter in which to submit revised plans. If this office does not receive revised plans within thirty days, your permit application will be void. Any future signs shall require a new permit application

I have enclosed a copy of the City's sign ordinance for the R-P residential-professional zone.

Very truly yours

Marge Schmuckal

Zoning Administrator
