Hello,

The building permit for my house, # 2017-00798, expired at the end of Decemeber, While we have all of the interior work finished and we are ready for a final inspection inside. We were not able to get our deck built before the Frost came.

Can we extend our permit for the next 6-months so we can build the deck in the Spring?

Thank you,

Austin Gregory, P.E.
