Conditions:				
1) This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.				
2) This is being issued with the understanding that as a fast track, the owner is responsible for scheduling inspections for the work being done and the inspector may require modifications to the work that has been completed if it does not meet code.				
3) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.				
4) This approval is based on scaled setback measurements from the city tax maps, which are only estimates. It is the owner's responsibility to ensure that the new deck and attached stairs are set back at least 25 feet from front and rear property lines and 8 feet from side property lines.
