Dept: Building	Status: Approved w/Conditions	Reviewer: Jeanie Bourke	Approval Date: 09/05/2013	
Note:				Ok to Issue: <input checked="" type="checkbox"/>
Conditions:				
<ol style="list-style-type: none"> 1) Permit approved based upon information provided by the applicant or design professional. Any deviation from the final approved plans requires separate review and approval prior to work. 2) A final special inspection report with compliance letter shall be submitted prior to the final inspection or issuance of a certificate of occupancy. This report must demonstrate all deficiencies and corrective measures that were taken. 3) Any modifications to existing building systems and all new systems (HVAC, electrical, plumbing) shall meet IECC 2009 or ASHRAE 90.1-2007 requirements for energy code compliance. 4) Separate permits are required for any electrical, plumbing, sprinkler, fire alarm, HVAC systems, heating appliances, including pellet/wood stoves, commercial hood exhaust systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process. 				
<hr/>				
Dept: Fire	Status: Approved w/Conditions	Reviewer: Chris Pirone	Approval Date: 08/06/2013	
Note:				Ok to Issue: <input checked="" type="checkbox"/>
Conditions:				
<ol style="list-style-type: none"> 1) Fire department connection type and location shall be approved in writing by Fire Prevention Bureau. 2) Construction or installation shall comply with City Code Chapter 10. 3) Application requires State Fire Marshal approval. 4) Street addresses shall be marked on the structure and shall be as approved by the City E-911 Addressing Officer. Contact Michelle Sweeney at 874-8682 for further information. 5) A separate Suppression System Permit is required for all new suppression systems, including standpipe systems, and sprinkler work effecting more than 20 heads. This review does not include approval of system design or installation. 6) Fire extinguishers are required per NFPA 1. 7) All means of egress to remain accessible at all times. 8) Emergency lights and exit signs are required. Emergency lights and exit signs are required to be labeled in relation to the panel and circuit and on the same circuit as the lighting for the area they serve. 9) Any cutting and welding done will require a Hot Work Permit from Fire Department. 10) Fire walls, fire barriers, fire partitions, smoke barriers and smoke partitions or any other wall required to have protected openings or penetrations shall be effectively and permanently identified with signs or stenciling in accessible concealed floor, floor-ceiling or attic spaces at intervals not exceeding 30 feet with lettering not less than 0.5 inches in height.
