Portland Fire Prevention  
Lt. Ben Wallace  
380 Congress Street  
Portland, Me 04101

Re: 54 Commercial Street, Fire Boat Quarters

Scope of work: We intend to install a Fire Alarm System for the Portland Fire Boat Quarters, there is an existing system in the building, but per Dept Chief Smith bringing the total building into compliance with city code ch 10 is not in our scope of work, The area for the fire boat quarters will be sprinkled and covered by a separate fire alarm system then the rest of the parking garage, Dept Chief Smith also stated your electrical division will be handling the master box portion and the interconnection of the panels into the master box, The existing fire alarm is in trouble and said to have been for over a year, the existing fire alarm system also does not have a current inspection sticker.

Please feel free to give me a call after reviewing the submittals if you have any questions.

Sincerely,

Chris L'Heureux  
President.
