Thank you for responding. Here is the revised Demising wall Plan CAN-01 stamped July 1, 2014. Our client after discussions with the landlord (City of Portland, has moved the demising wall back towards Grid 12. In addition, we have shown the remaining "Optional Lease Space" that extends to Grid 28. No structural or other changes have been made to the original plan submitted on Friday, June 27th.

Is the work estimate now at \$40,000, instead of the previously submitted \$20,000?

Our client has changed the layout slightly which will not affect the contemplated construction work or value. I am awaiting his approval of our latest single plan sheet CAN-01 and will send it along, hopefully today. Do need a permit fee quote. The work is estimate by us to be \$40,000. Thank you.
