Re: Statement of usage for the shipping container to be placed at 6 Commercial Street.

The shipping container being placed on city property in Commercial Street indicated in the attached exhibit by the blue box will serve 2 functions.

1. It will be a focal point for the bicycle and walking resource hub. It will be an easily identifiable landmark to draw people to the hub.
2. It will serve as the storage space for all the equipment needed to run the hub. The interior of the container will only be accessed by staff of Summer Feet Cycling and not be available to the general public.
