RE: 92 Farnham Street - 310-F-023 - R-3 Zone

Dear Al,

I am in receipt of you permit application to place a manufactured home from P.A.T.H. 24' x 50' as per submitted plans on a lot located at 92 Farnham Street. This permit is being denied.

Your submitted plot plan is not complete. It does not show the entire lot with all setbacks, including the side yard setbacks. The footprint of the plot plan structure on your submitted plans is scaled out as 14' x 53'. Your application requests a permit for 24' x 50' structure. Your plot plan **MUST** reflect what you are actually requesting. We shall need a revised and complete site plan showing exactly what size of structure you would like to place there, and the exact setbacks from front, rear, and sides of your property. Any projections such as stairs, decks, or bulkhead shall be present on your site plan submittal. Our application form explains in detail all these requirements for a submittal for a new house. The City's Development Review Coordinator also requests further information on the site plan. Please check with him on those specifics.

Your permit is also being denied because your submittal states that your front setback from your front property line will be 21.88 feet instead of the 25 feet required under section 14-90.

You may submit further paperwork with more accurate information. Your permit will be on hold until such required information is submitted. You have the right to appeal this decision. If you wish to exercise your right to appeal, you have 30 days from the date of this letter in which to do so. Please contact this office for the appropriate paperwork and information in order necessary for an appeal.

If you have any questions regarding this matter, please do not hesitate to contact me.

Very truly yours,

Marge Schmuckal

# BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 to schedule your inspections as agreed upon

Permits expire in 6 months, if the project is not started or ceases for 6 months.

The Owner or their designee is required to notify the inspections office for the following inspections and provide adequate notice. Notice must be called in 48-72 hours in advance in order to schedule an inspection:

By initializing at each inspection time, you are agreeing that you understand the inspection procedure and additional fees from a "Stop Work Order" and "Stop Work Order Release" will be incurred if the procedure is not followed as stated below.

Pre-construction Meeting: Must be scheduled with your inspection team upon receipt of this permit. Jay Reynolds, Development Review Coordinator at 874-8693 must also be contacted at this time, before any site work begins on any project other than single family additions or alterations.

Footing/Building Location Inspection: Prior to pouring concrete

NA Re-Bar Schedule Inspection: Prior to pouring concrete

NA Foundation Inspection: Prior to placing ANY backfill

NA Framing/Rough Plumbing/Electrical: Prior to any insulating or drywalling

Final Certificate of Occupancy: Prior to any occupancy of the structure or use. NOTE: There is a \$75.00 fee per inspection at this point.

Certificate of Occupancy is not required for certain projects. Your inspector can advise you if your project requires a Certificate of Occupancy. All projects DO require a final inspection.

If any of the inspections do not occur, the project cannot go on to the next phase, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

NA **CERTIFICATE OF OCCUPANCIES MUST BE ISSUED AND PAID FOR, BEFORE THE SPACE MAY BE OCCUPIED**
