Re: Exterior Alterations; 387-389 Danforth Street

Dear Mr. Taacka:

On May 19, 2004, the Historic Preservation Committee reviewed your request for a Certificate of Appropriateness for exterior alterations at 387-389 Danforth Street. The application was for the installation of skylights on the rear roof plane and the replacement of 2 individual windows on the west elevation of the rear ell with a bay window.

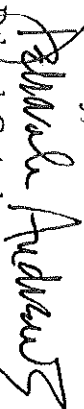

Following deliberations the Committee voted as follows:

- By a vote of 6-0 (Breggia absent), the Committee found that the proposed bay window failed to meet Standards # 2 and # 9 of the ordinance, and therefore denied your request for a Certificate of Appropriateness. (It should be noted that the Committee was receptive to reviewing an alternative bay design or a proposal for 3 mullied windows.)
- By a vote of 4-2 (Breggia absent; Parker & Wroth opposed), the Committee approved your application for the installation of skylights, subject to the following condition:
  - \* That the 2 skylights in the center of the roof plane be removed. Only the skylights on the east and west ends of the roof plane were approved.

Changes to the approved plans and specifications and any additional work which may be undertaken must be reviewed and approved by this office prior to construction, alteration, or demolition. If, during the course of completing the approved work, conditions are encountered which prevent completing the approved work, or which require additional or alternative work, you must apply for and receive a Certificate of Appropriateness or Non-Applicability PRIOR to undertaking additional or alternative work.

This Certificate is granted upon condition that the work authorized herein is commenced within twelve (12) months after the date of issuance. If the work authorized by this Certificate is not commenced within twelve (12) months after the date of issuance or if such work is suspended in significant part for a period of one year after the time the work is commenced, such Certificate shall expire and be of no further effect; provided that, for cause, one or more extensions of time for periods not exceeding ninety (90) days each may be allowed in writing by the Department.

Sincerely,

Deborah G. Andrews  
Historic Preservation Program Manager
