Dear Mr. Manooagian,

As per our conversation on May 23, 2002, we are closing our file on your swimming pool (Permit # 01-0516; 05/17/2001).

Please be aware that the addition of any additional access points to the pool (ladder, decks, etc.) will require you to apply for and receive a building permit prior to any such addition being built or installed.

If this office can be of further assistance to you on this matter, please contact me at (207) 874-8708.

Sincerely,

Kevin Carroll
