Appeal enclosed  
8/20/45

Board of Appeals  
Appeal to the Municipal Officers to Change the Decision of the  
Inspector of Buildings Relating to the Property Owned  
by Winfield S. & Catherine A. Murray at 91 Beckett Street

August 13, 19 45

Board of Appeals  
To the Municipal Officers:  
Your appellants, Winfield S. & Catherine A. Murray

who is the owners of property at 91 Beckett Street  
respectfully petitions the Board of Appeals  
the Inspector of Buildings relating to this property, as provided by Section 13, Paragraph c,  
of the Zoning Ordinance, on the ground that the enforcement of the ordinance in this case  
involves unnecessary hardship and because relief may be granted without substantially der-  
ogating from the intent and purpose of the Zoning Ordinance.

The decision of the Inspector of Buildings denies a permit to cover enclosure  
of the end story of a 2-story building now under construction on the side of the building  
on this property because the enclosing wall would be only 2 feet from the side property  
line instead of the 8 feet required by the Zoning Ordinance in the Apartment House Zone  
where the property is located.  
I went with a Mr. James Bowdren Des. at 91 Beckett St  
In 3-95 Beckett - 36-13

The reasons for the appeal are as follows: I have been in a semi-invalid condition  
(unable to go out-of-doors) for four years and under a doctor's care constantly. The porch  
would afford some means of my getting fresh air both in summer and in winter. I do not believe  
that this porch would be departing substantially from what the Ordinance intends since there is  
approximately twenty-five feet between my house and my next door neighbor. Moreover, this  
porch is merely an extension of the existing sidewall of the house which is already as  
close to the side property line as this new work would be.

(signed) Mrs. W. S. Murray.....

4/27

**City of Portland, Maine**  
XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX  
IN BOARD OF MUNICIPAL OFFICERS  
BOARD OF APPEALS

August 14, 1945

**To Whom It May Concern:**

The Board of Appeals will hold a public hearing at the Council Chamber, City Hall, on Friday, August 17, 1945, at 11 o'clock in the forenoon upon the appeal under the Zoning Ordinance of Winfield S. & Catherine A. Murray at 91 Beckett Street, relating to the construction of an enclosure around the second story of a two-story, open side piazza now under construction at that location.

The Zoning Ordinance will not allow enclosing walls around this piazza because the enclosing walls would be only about two feet from the northerly side property line instead of the five feet provided by the precise terms of the Zoning Ordinance in the Apartment House Zone where the property is located.

The appellant owners represent that this enclosure is necessary under doctor's orders for the health of one of the appellants so that as much sun light as possible may be available both summer and winter. They also draw attention to the fact that the new enclosing wall nearer the side property line would be a continuation in the same plane as the side wall of the main dwelling which has existed two feet from the side property line for many years.

All persons interested either for or against this appeal will be heard at the above time and place.

Portland, Maine  
Dear Sir & Madam:

The Board of Appeals will hold a public hearing at the Council Chamber, City Hall, on Friday, August 17, 1945, at 11 o'clock in the forenoon upon your appeal under the Zoning Ordinance relating to the enclosure of a side piazza nor under construction, contrary to the precise terms of the Zoning Ordinance in the apartment house zone where your building is located.

Please be present or be represented at this hearing in support of your appeal.

BOARD OF APPEALS  
Harry C. Libby, Chairman

10/27

City of Portland, Maine  
IN BOARD OF APPEALS

45/37

August 20, 1945

Public hearing having been duly held on August 17, 1945, upon appeal under the Zoning Ordinance of Winfield S. and Catherine A. Murray at 91 Beckett Street, relating to a proposal to construct enclosing wall or a two story open rear piazza closer to the side property line than ordinarily allowed in the Apartment House Zone where the property is located, it is adjudged and action is decreed according to vote of members of the Board determined by their several signatures as fixed below

A vote to sustain is subject to full compliance with the Building Code and all other laws relating to the same subject matter; and holds that variation of the precise terms of the Ordinance in this particular case is necessary for reasonable use of the building for the comfort and convenience of the occupants, and may be permitted without substantially departing from the intent and purpose of the Ordinance in that the proposed enclosure would not interfere with light and air or increase fire hazard to the surrounding property.

PUBLIC HEARING ON THE APPEAL UNDER THE ZONING ORDINANCE OF WINIFRED S. AND CATHERINE  
A. MURRAY AT 91 BECKETT STREET

August 17, 1945

Public hearing on the above appeal was held before the Board of Appeals today. Present for the city were Chairman Libby, Mrs. Helen C. Frost, Fred H. Gabbi, Herman B. Libby, and City Manager James E. Barlow, sitting as associate member in place of Mr. Harrison who was incapacitated by illness, and Inspector of Buildings Warren McDonald.

Mr. Murray and John J. Cunningham, Jr. representing the contractors were present in support of the appeal and there were no opponents present. Mr. Bowdren, representing the owners of the next property at 95 Beckett Street was present and said that they had no objection to the construction work.

RECEIVED  
AUG 14 1945  
DEPT. OF BLD'G. INSP.  
CITY OF PORTLAND

My dear Mr. McDonald:

Referring to your letter of August 11, 1945 relating to proposed enclosure of part of open piazza now under construction at my home at 91 Beckett Street please be advised you will find attached herewith statement from Mr. C. W. Bowdren of 95 Beckett Street, owner of adjoining property on the side where the porch is proposed that he has no objection to boarding in the piazza that is now being built.

I have been an invalid for nearly four years and this is the primary reason for building the piazza so that I can get fresh air. It is planned to put in enough windows in the proposed part that I want enclosed for this purpose.

Thanking you in advance for your cooperation,

I remain

Respectfully yours,  
*Mrs. Winfield S. Murray*

August 11, 1955

Subject: Zoning appeal relating to proposed enclosure  
of part of open space now under construction at  
21 Beckett Street

W. S. Murray  
21 Beckett Street  
Portland, Maine

Dear Sir:

As Mr. Cunningham requested, I am enclosing the original and one carbon copy of the zoning appeal form made out with my part of it--may the Ordinance will not allow me to issue the permit.

If you will have the reasons for the appeal stated in the blank provided (typed if possible), have Mrs. Murray sign the original and then you sign it and returned to this office not later than Monday, August 15, the matter will probably have the required public hearing by the Board of Appeals on Friday, August 17, at 11 o'clock in the forenoon.

In formulating your reasons for the appeal which ought to be stated briefly, you should try to show in brief why failure to get the permit for the enclosure involves unnecessary hardship and why you think the permit may be granted without substantially departing from what the Ordinance intends as regards open spaces around buildings. It seems obvious that one of the best arguments that you have is that all of the side wall of your building on that side is already as close to the side property line as this new work would be. The owner of the adjoining property on the side where the porch is to be enclosed will be notified of the hearing so that he may make any representation that he wants to, if any.

Very truly yours,

Inspector of Buildings

Subject: Building Permit for New Porch and  
Question of Lawful Use of the Building at  
91 Beckett St.

Dear Sir:

Application for the permit for the open porch indicates that the former two-family dwelling house is being used as a 3-family apartment house.

Our records here indicate that, if the building is now being used for three families (three separate places or kitchens where cooking is done by different occupants), there has probably been a conversion or change of use from two-families to three within recent years, at least since 1926 without the required permit for such change of use and the required certificate of occupancy from this department to cover the new use. Such a permit for such a change of use and the subsequent certificate of occupancy has been required by law since 1926, whether physical changes requiring a building permit are made, or not.

Therefore this permit for the open porch is issued without prejudice to the question of legal use of the building. This question will, however, materially affect action on your zoning appeal for enclosure of second story of this proposed open porch, as the Board of Appeals could hardly act on the zoning appeal, if questions under the Building Code were at issue.

To expedite the entire matter, I suggest that you communicate with me as soon as possible, to tell me when the third apartment was established, and let us see what can be done about it. This question came up after I had written my part of the appeal form and dictated the letter to you relating to it. It will probably not be possible to have the public hearing on the zoning appeal on next Friday, unless you can establish beyond reasonable doubt that no change of use has taken place. There is an outside chance that the hearing might be held on Friday anyway. If the use has been changed; if you will file belated application for that change and with it a plan of third floor showing compliance with all provisions of Sections 207 and 212 of the Building Code pertaining to such use before Wednesday afternoon, August 13, perhaps the matter can be cleared up now. I anticipate, however, that the closeness of the sidewalk to the side lot line could also require a variance appeal, of the Building Code for light and air and fire protection provisions for tenement houses.

CC F. C. Cunningham & Sons,  
191 State

Very truly yours,

Inspector of Buildings

(A) APARTMENT HOUSE  
APPLICATION FOR PERMIT

Class of Building or Type of Structure Third

Portland, Maine, August 9, 1945
