December 11, 1935

Mr. Frank Feroci
18 Chatham Street
Mr. Muzzi Toppi
40-42 Washington Avenue

Subject: Application for building permit to increase
the height of a rear shed so as to make a second
story for additional living quarters at 40-42
Washington Avenue

Gentlemen:

We are unable to tell from the information that you have furnished or from examination on the ground exactly how far the wall toward Cumberland Avenue of the present rear ell which you propose to increase in height, is located from your side property line. There is a fence there which may or may not be the property line.

The Building Code limits the closeness to the side property line of the new work which you propose in extending the wall upwards. It is necessary that you establish the precise location of the side line between Mr. Toppi's lot and the one next door toward Cumberland Avenue, so that we can tell whether or not there is sufficient width of land on Mr. Toppi's lot so that the permit can be issued.

While this location of the property line is being worked out on the ground, Mr. Feroci should indicate on the sketch which he left in the office what kind of rooms as bedroom etc. the new second floor space would be used for, whether there will be more than one room, what will be the rise and tread of the new stairs which he evidently proposes to reach the new second floor and how the new second floor framing will be framed around it. At the same time he should correct the information which he has given since apparently the new floor area would be 11x12 instead of 10x10, the floor joists would be on a span of 12 feet instead of the 10 feet given, the roof joists on a similar span, the fact that he intends to use 2x8 joists instead of the 2x6 shown in the roof, what kind of foundation there is under the building, and unless this is a masonry wall on the three sides of the shed, which way the first floor joists run, which way the proposed second floor joists and roof joists will run and what is the spacing of foundation piers or other foundation beneath the shed; all of this being necessary to show whether or not the proposition would comply with the Building Code, wholly outside the question of closeness to the side property line.

The question of this amount of work can possibly be done for the estimated cost of \$300 given on the application, for the estimate given is supposed to include all labor and material of every description at the usual market prices. Will Mr. Feroci please support this figure with detailed estimate as to labor and material or else increase it to a figure which seems to fit the amount of work to be done?

Very truly yours,

Inspector of Buildings

McD/S

2/11/46 - Gave green tag
with note that not dry
wiring is to be covered
until inspected and
approved. Also provide
fire stops at side of
stairs between studs
of outside wall + beneath
ledger board in first
story. - AGS

 Final Notif.
 Final Inspn 4/26/46
 Cert. of Occupancy issued

NOTES

12/11/45 - The side of the
 shed is about 30"
 from a solid wood
 base which may or
 may not be at
 level. This is
 probably correct.
 Therefore, we are unable
 to issue permits for
 raising the level of
 the side so close to
 the line.

There also may be a
 question as to whether
 an extension of the
 construction to build
 up the side is
 permissible in this

district "B". However,
 since the existing
 story and a second
 third stories are used
 for living quarters, per-
 mits in buildings may
 be raised substantially
 for living purposes,
 purposes, and since
 additional space
 be used for living quarters
 the level may be raised
 made allowable.

The existing is
 about 9' x 12' in extent
 1 x 10 joists and waps
 covering floor to the shed
 roof. There is a
 floor in rear wall
 house at 2nd floor
 with stairs down
 to floor level. The walls
 of shed are brown
 about 20" o.c. with
 2 x 4 plate around
 side of shed at level
 of floor. It is necessary
 to have studs extending up

ward outside walls to
 sides of rafters. Corner
 posts are 4x6. A new
 concrete foundation
 was provided beneath
 shed last year.

Mr. Tersten says he
 plans to remove roof
 + walls + water pipe +
 build new second story
 + run there up with 2x4
 studs 16" o.c. and 4x6
 corner posts resting
 out of existing plate
 first braced diagonally
 in each wall. Since
 existing double 2x4
 plate is about 12" high
 than and floor level of
 main house, it will
 be necessary to support
 new second floor joists
 on a 1x6 ledger set into
 studs just below plate
 line. New rafters, which
 will be on about a 12"
 span will be 2x8-16"
 instead of the 2x6
 now in place. First

Estimated cost \$ 50

Description of Present Building to be Altered

Memorandum from Department of Building Inspection, Portland, Maine

40-42 Washington Ave.--Construction of foundation under ell for Nunzio Toppi by Donald DiBiase, Contractor-----6/6/44

To Owner and Contractor:

These foundation walls are required to extend at least 4 feet below the finished surface of the ground along the outside of the walls. There is nothing in the application to show how high above the surface of the ground the top of the new wall (this would be the surface on which the sills of the ell would bear). If the new walls are to extend unusually high above ground they should be made thicker accordingly.

CC Nunzio Toppi, 40-42 Washington Ave.

(Signed) Warren McDonald Inspector of Buildings

the heating contractor.

RE: 40 Washington Avenue

Dear Sir,

Your application to change the use from retail (M) to restaurant (A-3) has been reviewed and a permit is herewith issued subject to the requirements listed below. This permit does not excuse the applicant from meeting applicable State and Federal laws.

No Certificate of Occupancy will be issued until all requirements of this letter are met.

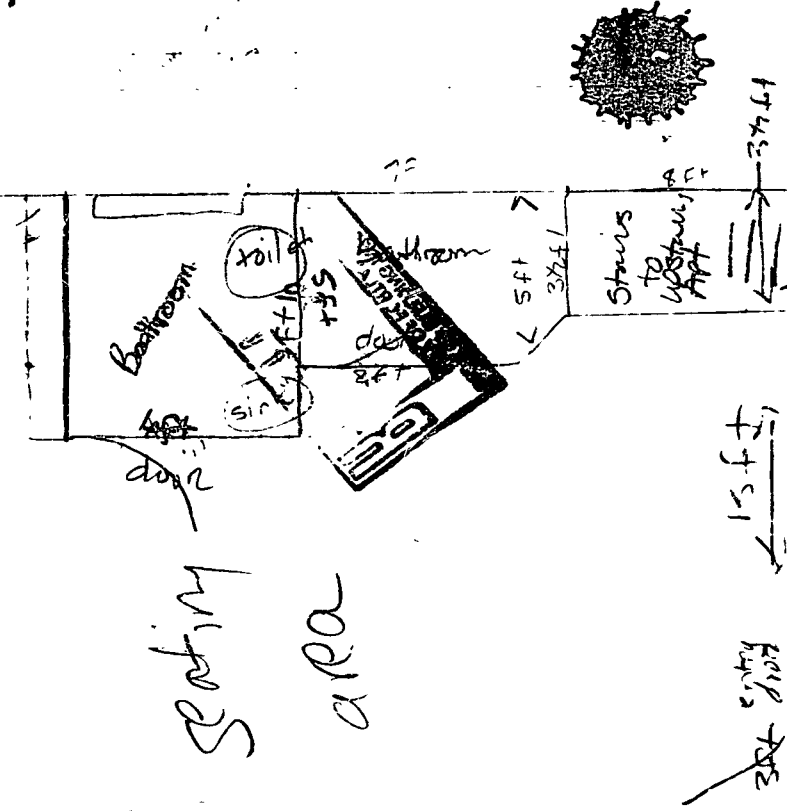

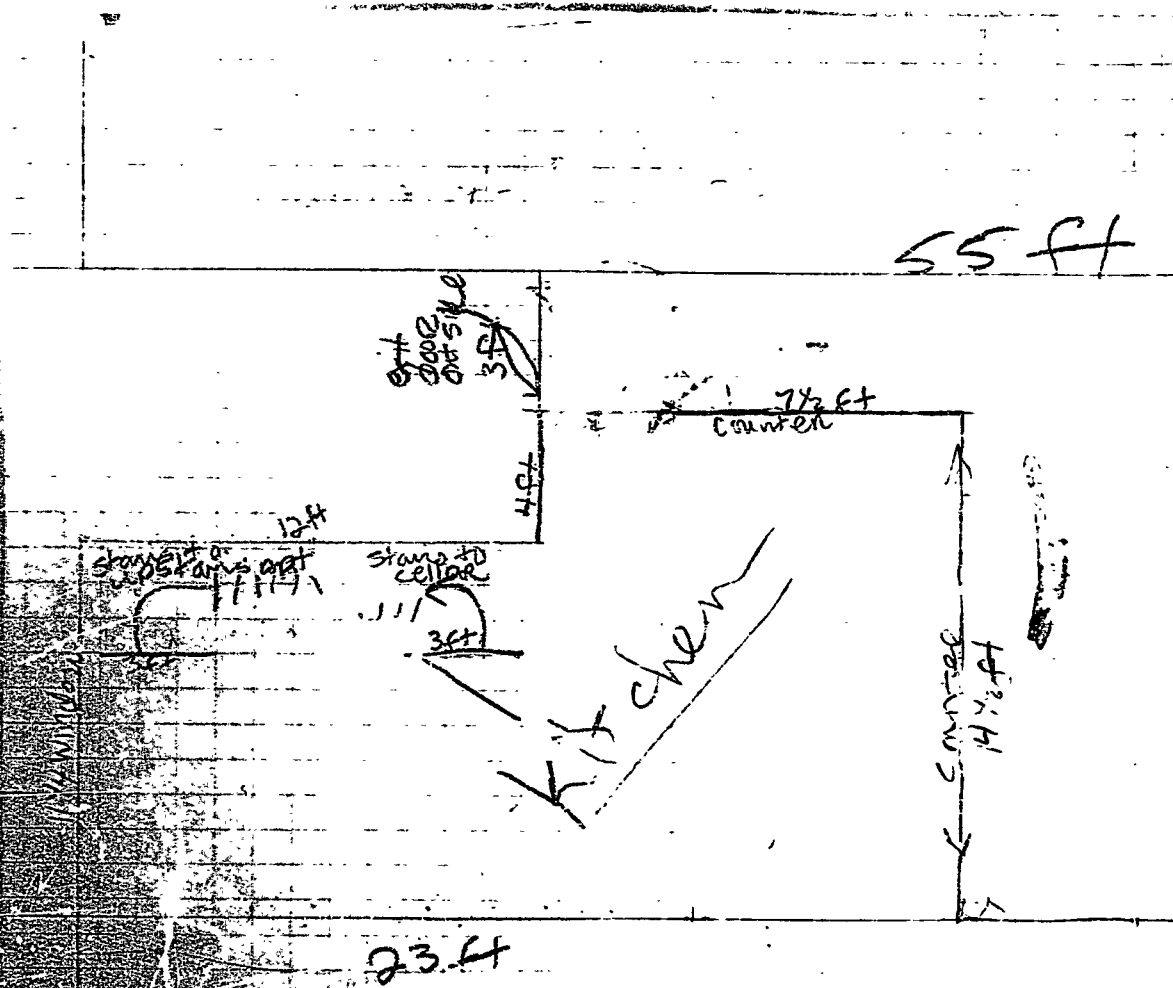

1. A portable fire extinguisher shall be located as per NFPA #10. They shall bear the label of an approved agency and be of an approved type.
2. All exit signs, lights and means of egress lighting shall be done in accordance with Chapter 10, section and subsections 1023. & 1024. of the city's building code. (The BOCA National Building Code/1993)
3. All devices used in connection with the preparation of food shall be of the approved type and shall be installed in an approved manner.
4. A minimum of one (1) hour fire rated separation must be constructed between the restaurant and the dwelling unit.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

P. Samuel Hoffses
Chief, Inspection Services

LAND USE - ZONING REPORT

ADDRESS: 40 Washington Ave DATE: 6/10/96
REASON FOR PERMIT: temp. Outside Dining
BUILDING OWNER: Nice Food Corp C-B-L: 013-E-015
PERMIT APPLICANT: Deidre Nice
APPROVED: See #9 DENIED: _____

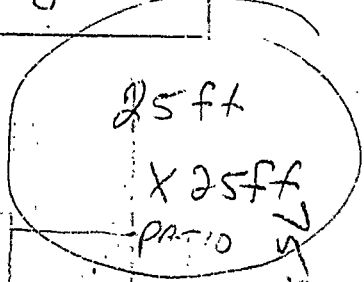

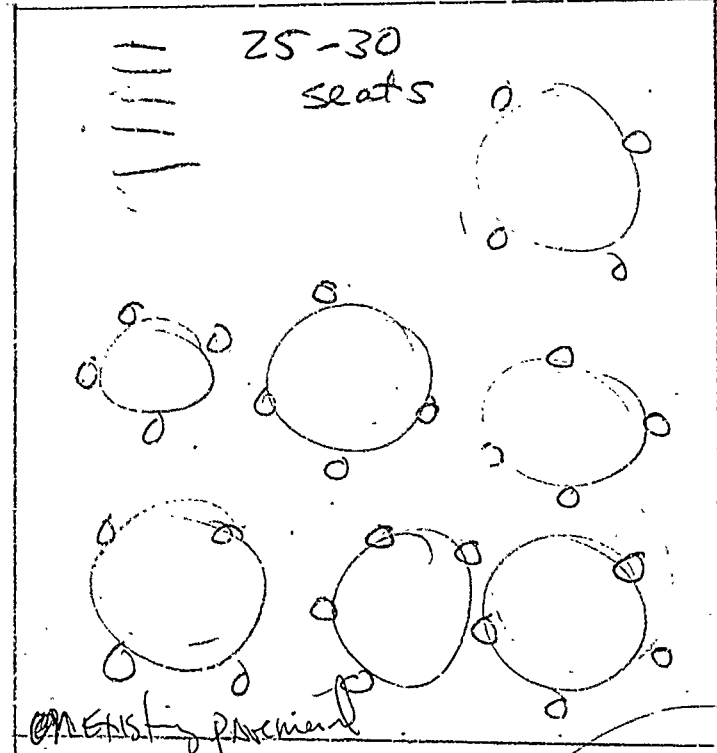

CONDITION(S) OF APPROVAL

1. During its existence, all aspects of the Home Occupation criteria, Section 14-410, shall be maintained.
2. The footprint of the existing _____ shall not be increased during maintenance reconstruction.
3. All the conditions placed on the original, previously approved, permit issued on _____ are still in effect for this amendment.
4. Your present structure is legally nonconforming as to rear and side setbacks. If you were to demolish the building on your own volition, you will not be able to maintain these same setbacks. Instead you would need to meet the zoning setbacks set forth in today's ordinances. In order to preserve these legally non-conforming setbacks, you may only rebuild the garage in place and in phases.
5. This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
6. Our records indicate that this property has a legal use of _____ units. Any change in this approved use shall require a separate permit application for review and approval.
7. Separate permits shall be required for any signage.
8. Separate permits shall be required for future decks and/or garage.

9. Other requirements of condition In order to create a permanent outside eating area, we shall require a separate permit. A better, full site plan showing its location shall be required. The licensing City Clerk shall be notified.

CITY OF PORTLAND

OUTSIDE DINING ON PRIVATE AND/OR CITY PROPERTY

Permits are required for expanding eating facilities (tables and chairs) to the outside whether it is on private and/or City property. The fee is based on the cost of work (which in most cases would be less than \$1,000 or a \$25.00 fee). The time period covered is from April 15th thru September 30th. This is a yearly renewable permit.

1. In order to apply the applicant must submit plans showing where the tables and chairs would be located (showing footage distances from the establishment, other chairs, existing, curbing, how much sidewalk footage is available, etc). The tables and chairs shall be placed on the sidewalk in such a manner as to allow the free and safe passage of pedestrian traffic. If in the sole opinion of the Traffic Engineer, the placement of the tables and chairs creates a public safety hazard, the establishment shall comply with the Traffic Engineer's request to relocate the tables and chairs to a more suitable location. The establishment shall keep the sidewalk area where the tables and chairs are located neat and free from litter and debris.
2. The establishment shall procure and maintain public liability insurance coverage in an amount of not less than three hundred thousand (\$300,000) combined single limit for bodily injury, death and property damage. And if the tables and chairs are on City property, the City of Portland shall be named as an additional insured thereon.
3. If the establishment is to be on City Property an indemnifying statement shall be signed by the establishment owner (see attached).
4. No food shall be prepared outside. If alcohol is to be served, we need to be notified. State law requires that the area be segregated from the rest of the public. We need to know how that is to be accomplished.

CONDITIONS FOR SIDEWALK OCCUPANCY PERMIT

Written consent and agreement relating to occupancy of the City of Portland sidewalk in the front, side, and/or rear of the building at:

40 WASHINGTON Ave Portland ME 04105

in Portland, Maine, by the owner of the establishment being:

Nice Foods, Corp

doing business as: Silly's

hereby, to the fullest extent permitted by law, shall defend, indemnify and hold harmless the City, its officers and employees, from and against all claims, damages, losses and expenses, just or unjust, including, but not limited to costs of defense and attorney's fees, arising out of the establishment's occupancy of the sidewalk, provided that any such claims, damage, loss or expense (1) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property including the loss of use therefrom, and (2) is caused in whole or in part by any negligent act or omission of the establishment, anyone directly or indirectly employed by it, or anyone for whose act it may be liable.
