## CITY OF PORTLAND

JOSEPH E. GRAY, JR.  
DIRECTOR OF PLANNING  
AND URBAN DEVELOPMENT

November 24, 1982

P. & H. Service Inc.  
P.O. Box 2171  
South Portland, Maine 04106

Dear Sir:

Your application for a building permit to make alteration to 6 & 8 St. Lawrence Street is being issued with the following.

Our records show that 6-8 St. Lawrence Street as being a 4 family dwelling building with a structure connecting the two buildings.

It is my understanding that you are requesting a permit to remove the connecting structure, and not to increase the number of dwelling units. This means that 6 St. Lawrence has two dwelling units, and 8 St. Lawrence Street has two dwelling units, with no increase in units.

If this is not true, please call this office.

Sincerely,

P. Samuel Hoffses  
Chief of Inspection Services

PSH/ulb

December 30, 1948

Warren McDonald, Insptr. of Bldgs:

Condition of building at 6 & 8 St. Lawrence Street.

Upon examination today our inspector reports that there are no structural conditions about this building which are considered imminently dangerous, so that this office has no remedy for the generally bad condition.

Structural defects noted which are not considered to threaten danger in the immediate future are:

A small defect in the front underpinning or foundation wall so that some of the sidewalk bricks close to the building have settled due to lack of support.

The rear frame wall at one point is bulging quite badly at the ground line, tapering off to nothing about 10 or 12' above. This may be a foundation or sill defect, but it offers no immediate threat.

A rear chimney in the center of the two connecting buildings is ineffective and leans somewhat toward St. Lawrence Street. Since the building is not occupied and no prospect of it, this is not of immediate concern because if the chimney above the roof should fall it would fall onto the flat roof.

Mr. O'Brien complained to me about this building back in 1947. After examination, we reported to him that the building was not dangerous and therefore beyond our jurisdiction.

August 25, 1932

Mr. Patrick Davis  
25 Fore Street  
Portland, Maine

Dear Sir:

With relation to your complaint of July 29, 1932 concerning the building at 6-8 St. Lawrence Street with relation to the drainage from the roof of this building, the drainage being so constructed as to run in the concrete drain which runs toward Fore Street by the side of your house, after examination of this matter, we find that it is one with which the City of Portland cannot deal.

This matter is one between two owners of private property in which the City of Portland has no right to interfere under the police power accorded the city by the state.

Very truly yours,

Inspector of Buildings.

Mr. Tae Sik Chong  
6-8 St. Laurence Street  
Portland, Maine

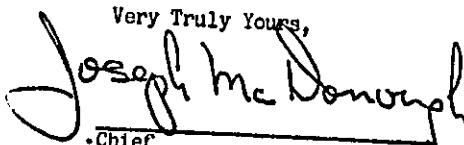

Re: Fire at 6-8 St. Laurence Street

Dear Mr.. Chong:

On September 20, 1982 a fire occurred in the building listed above, of which you are reported to be the owner.

If permanent repair work is required for this building, you must obtain a permit from the Building & Inspection Dept. in City Hall before starting such work.

Very Truly Yours,

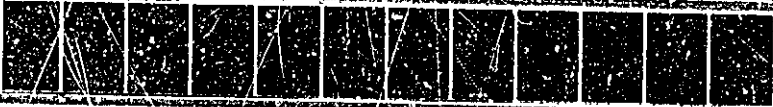

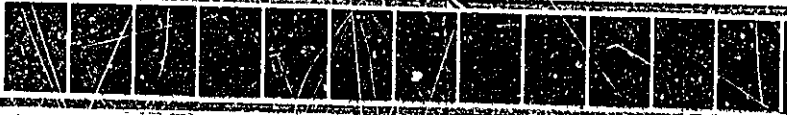

Chief  
Portland Fire Department

cc: Building & Inspection Dept.  
Health Dept. (Housing Div.)  
City Assessor's (Mr. Lucci)

The fire originated under the cellar stairs in the right rear corner of the structure. It extended to the entire rear of the structure and roof. The front 1st and 2nd floors sustained heavy smoke and water damage.

November 24, 1982

P. & H. Service Inc.  
P.O. Box 2171  
South Portland, Maine 04106

Dear Sir:

Your application for a building permit to make alteration to 6 & 8 St. Lawrence Street is being issued with the following.

Our records show that 6-8 St. Lawrence Street as being a 4 family dwelling building with a structure connecting the two buildings.

It is my understanding that you are requesting a permit to remove the connecting structure, and not to increase the number of dwelling units. This means that 6 St. Lawrence has two dwelling units, and 8 St. Lawrence Street has two dwelling units, with no increase in units.

If this is not true, please call this office.

Sincerely,

P. Samuel Hoffses  
Chief of Inspection Services

PSH/ulb
