Re: Maine National Bank Banners - 400 Congress St.

Dear Sir:

Enclosed you will find the approval for the waiver you requested for the above named project. This waiver becomes effective fifteen (15) days after the approval date of 11-8-79.

This waiver will become void only if the use is voluntarily discontinued for twelve (12) consecutive months.

If I may be of any further assistance, please feel free to call this office, City Hall, Building Inspection, Ext 234 or 235.

Very truly yours,

Walter W. Hilton

Waiver Request from 1978 BOCA Building Code
Section 1413.1 Banner and Cloth Signs

STATEMENT OF FACTS

On November 6, 1979, the Building Inspection Department received a written request from the Mains National Bank, 400 Congress Street, with reference to a possible waiver to be allowed to place two (2) cloth banners of combustible material against their building at 400 Congress Street for a period longer than the sixty (60) day requirement under section 1413.1 of the 1978 BOCA Building Code.

Section 1413.1 Banners and Cloth signs reads as follows:

Temporary signs and banners attached to or suspended from a building constructed of cloth or other combustible material shall be strongly constructed and shall be securely attached to their supports. They shall be removed as soon as torn or damaged, and not later than sixty (60) days after erection; except that permits for temporary signs suspended from or attached to a canopy or marquee shall be limited to a period of ten (10) days.

Proposed location is adjacent to an open area and not cutting any structures.

Existing structure is of non-combustible construction.

Section 126.1 of the 1978 BOCA Code

Section 126.1 of the 1978 BOCA Building Code, as amended by the City of Portland, states that the Director of Building Inspection shall have power to recommend modification of any of the provisions of these codes upon application in writing by the owner or lessee, or his duly authorized agent, when there are practical difficulties in the way of carrying out the strict letter of these codes, provided that the spirit of the codes shall be observed, public safety secured, and substantial justice done. The particulars of such recommended modification shall be entered upon the records of the department and a copy signed by the Director of Building Inspection shall be furnished the applicant and the Municipal Officers. Such modification shall become effective fifteen (15) days from and after the date of the recommendation unless a majority of the Municipal Officers shall file with the City Manager within said time written objection to the granting of such modification.

Conclusion

This department hereby approves this waiver subject to the following:

Banners shall be replaced or removed immediately if torn or damaged.

Gentlemen:

Building permit to make alterations on the fifth and sixth floors of this building at the above named location is issued subject to Building Code requirements as follows:

1. Door No. 603 to go to office 603 cannot be equipped with any locking devices. This door must be so that anyone at all times may open this and go to the window that opens on to the fire escape for this floor.
2. Exit sign or lights as per Section 602.5.5 of the Code must be provided over this door 603 and over the window opening on to the fire escape from this office area, with white light outside.
3. Kitchen area on the fifth floor, Room 505, as well as, cooking facilities in 506 must have the approval of the Health Department before they are installed.
4. The toilet rooms on the sixth floor must be vented as required by the Plumbing Inspector. Open aisles as shown on the plans for the cafeteria area on the fifth floor must be maintained to all exit ways.

Very truly yours,

A. Allan Soule
Assistant Director
