Re: Office Expansion
Bernstein, Shur, Sawyer and Nelson
1 Monument Square, Portland, Maine

*7th, 8th
Floor*

Dear Walter,

Thank you for answering my questions today concerning the subject project and the design revisions we are proposing for the open stair which connects the eighth floor with the seventh floor.

As we have discussed, the revisions include the following:

1. deleting the "winders" and going to rectangular treads. *OK*
2. deleting the steel channel construction for the stair and substituting wood framing, protected with 3/4" plaster.
3. Opening up the space under the stair at one end to be developed as a 2-hour enclosure (soffit and walls) for storage.

It is my understanding that you are in concurrence with these revisions and you have authorized us to proceed with their implementation.

Thank you for your prompt attention to this matter.

Sincerely,

Winton Scott
