Re: 537 Congress St

Dear Sir,

Your application to construct framing on a 47'x 86' addition (US Bankruptcy Court) has been reviewed and a permit is herewith issued subject to the following requirements:

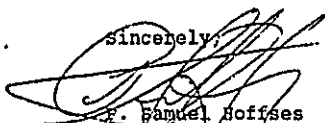

<u>Site Plan Review Requirements</u>		
Inspection Services	Approved	W. Giroux
Fire Department	Approved	Lt McDougall
Planning Division	Approved w/requirements	D. Andrews
Public Works	Approved w/requirements	M. Esterberg

Building and Fire Code Requirements

1. This permit is for exterior and framing only. Permits must be obtained for plumbing, electrical and interior finish.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

Samuel Hoffses
Chief of Inspection Services

cc: W. Giroux, Zoning Administrator

Mr. Craig Moore
Hega Realty Trust
45 Exchange Street
Portland, ME 04101

CITY OF PORTLAND

529 Congress St

Dear Mr. Moore:

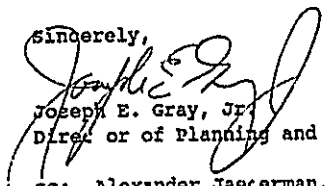

On September 7, 1993 the Portland Planning Authority granted minor site plan approval for the construction of a rear addition at 529-543 Congress Street. The approval is subject to the following conditions:

1. Plans shall be revised to show the addition's roof drains tied into an existing sewerline or manhole, not into the Casco Street catchbasin.
2. Final specifications for Casco Street curbcut and sidewalk reconstruction to be reviewed and approved by the Department of Parks and Public Works (Traffic Division).

The approval is based on the site plan submitted on 7/28/93. If you need to make any modifications to the approved site plan, you must submit a revised site plan for staff review and approval. The site plan approval will be deemed to have expired unless work in the development has commenced within one (1) year of the approval or within a time period agreed upon in writing by the City and the applicant. A performance guarantee in a form acceptable to the City of Portland and an inspection fee equal to a 1.7% of the performance guarantee will have to be posted before a building permit can be issued. A defect bond, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.

If there are any questions, please contact the Planning Staff.

Sincerely,

Joseph E. Gray, Jr.

Dear Sir:

Your application to make interior renovations has been reviewed and a permit is herewith issued subject to the following requirements: This permit does not preclude the applicant from meeting applicable State and Federal laws.

No Certificate of Occupancy can be issued until all requirements of this letter are met.

1. This permit is approved under zoning for renovations only. A separate use permit that complies with PAD is required prior to occupancy.
2. Guardrails & Handrails - A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level. Minimum height all Use Group A, 42", except Use Group R which is 36". In occupancies in Use Group A, B, H-4, I1, I-2 M and " and public garages and open parking structures, open guards shall have balusters or be of solid material such that a sphere with a diameter of 4" cannot pass through any opening. Guards shall not have an ornamental pattern that would provide a ladder effect.
3. All exit signs, lights and means of egress lighting shall be done in accordance with chapter 10, section & subsections 1023. & 1024.0 of the city's building code. (The BOCA National Building Code/1993)
4. Stair construction in Use Group R-3, R-4 is a minimum of 9" tread and 8-1/4" maximum rise.
5. Headroom in habitable space is a minimum of 7'6".
6. The minimum headroom in all parts of a stairway shall not be less than 80 inches.
7. The sprinkler system shall be maintained to NFPA 13 standards.
