Owner—Preble, Inc. Contractor—Gogins & Clark Engineer—Philip P. Snow
477 Congress St. 46 Portland St. 477 Congress St.

Building permit for alterations to partitions in portion of arcade mezzanine in building at the above location is issued herewith based on plan filed with application for permit. We understand that the new stairway shown is not to be installed at this time, but that everything is to be made ready to cut the opening through in floor above and to install the stairway at a later date.

Since we have no knowledge of what plans there may be for development of the floor above this section of the mezzanine, we are of course unable to determine the adequacy of the location of the proposed stairway to serve as a required means of egress. This permit is therefore issued without prejudice to any questions which may arise as to such adequacy when application is filed for installation of the stairway.
