File: Rept. 78C-I

September 23, 1937

John Donnelly & Sons,  
75 Main Street,  
So. Portland, Maine

Gentlemen:

On September 20, 1937 the Municipal Officers voted to approve your application for a permit to cover erection of three roof signs, each 12 feet by 25 feet, on the building at 8-12 Congress Square, subject to full compliance with all terms of the building Code.

to

We are compelled/await furnishing an engineer's design drawing so that we may secure the approval of the Chief of the Fire Department, check the plans and issue the permit.

Very truly yours,

McD/H

Inspector of Buildings

File: Rcpt. 790-I

September 4, 1937

John Donnelly & Sons,  
73 Main Street,  
South Portland, Maine

Gentlemen:

The Committee on Zoning and Building Ordinance Appeals on Friday, September 3, 1937 voted unanimously to disapprove your application for a permit to cover the construction of three roof signs on the roof of the building at 8-12 Congress Square.

Since the Committee represents a majority of the Municipal Officers, their conclusion would seem to be final, and on this basis the application will not be presented to the full board at its meeting on September 8th, unless you care to be represented in behalf of it. That, of course, is your right.

Under these circumstances, I am unable to issue the permit, and unless you wish to press the matter further, the fee which you have paid to this department will be refunded by voucher, if you will return the receipt within 10 days of this date.

Very truly yours,

Inspector of Buildings

McD/H

Room 21, City Hall  
August 30, 1937

John Donnelly & Sons  
73 Main Street  
South Portland, Maine

Gentlemen:

Your application for a permit to cover erection of three roof signs on the building at 8-12 Congress Square, reported to be owned by the Free Street Corp., will be presented to the Committee on Zoning and Building Ordinance Appeals of the Municipal Officers at a public hearing on other matters in the City Council Chamber, City Hall, Friday, September 3, 1937 at 11:00 o'clock in the forenoon.

When Mr. Worcester was in the office last week he talked about some other location where alterations were proposed which the undersigned thought required a permit. I note that no application has been made for this location wherever it was. If you desire consideration at this next meeting of the Committee for this location or any other location for billboards or roof signs within the city, will you be kind enough to file applications for them before Tuesday night August 31, 1937 so that we may have opportunity to prepare them for the hearing of the Committee?

Very truly yours,

McD/H

Inspector of Buildings

September 20, 1937

To the Municipal Officers:

Having examined an application by John Donnelly & Sons for a building permit to cover three display bulletins proposed on the roof of the building at 8-12 Congress Square, the Committee on Zoning and Building Ordinance Appeals recommends that the application be approved, and that the Inspector of Buildings by acceptance of this report and its recommendations, be directed to issue said building permit, subject to full compliance with all terms of the Building Code.

COMMITTEE ON ZONING AND BUILDING ORDINANCE  
APPEALS

---

Chairman

ATTENTION: Mr. George B. Allen

Gentlemen:

We are today issuing permit for removal of rear stairs from second floor to ground in your building at 156 Free Street.

The Chief of the Fire Department in granting his approval to this permit has stipulated that all the windows leading to the fire escape shall be kept clear and that suitable signs directing the way to the fire escape shall be provided in each hallway.

Please be governed accordingly.

Very truly yours,

Inspector of Buildings.

### AMENDMENT TO APPLICATION FOR PERMIT

Portland, Maine, October 3, 1933

To the INSPECTOR OF BUILDINGS, PORTLAND, ME.

The undersigned hereby applies for an amendment to Permit No. 35/1427 pertaining to the building or structure comprised in the original application in accordance with the Laws of the State of Maine, the Building Code of the City of Portland, plans and specifications, if any, submitted herewith, and the following specifications:

Location 133 Free St. (6-14 Ave. in front) Ward. 5 With the Fire Limits? Yes Dist. No. 1

Owner's name and address R. G. & H. T. Libby, 560 Congress St.

Contractor's name and address John T. Oliver, 57 Cross St. and Omar

Plans filed as part of this Amendment No No. of sheets       

#### Description of Proposed Work

Instead of providing long fire escape balcony at fifth floor level as per original permit, landings of fire escape at 3rd, 4th and 5th floor levels are to be extended about 6 to 7 feet to reach the next window in the outside wall. In 5th story, partitions and doors are to be adjusted so as to afford direct access from public corridor to window outside of which fire escape balcony is to be extended. On 4th floor construct non-bearing partition so as to form passageway from main corridor to window outside of which fire escape balcony is to be extended.

Mr. John Nicholas  
1019 Congress Street  
Portland, Maine

Dear Sir:

Enclosed is the building permit covering alterations in the building at 154 Free Street for Steve Krisilion who is lessee of part of the building.

You are directed to remove the wall board and other covering on the partition which is to be taken out, and notify this office for inspection before the structural part of the partition such as studs, etc., are taken down, so that we may determine just how the floors above are supported at this point.

Please do not fail to observe this requirement.

Very truly yours,

Inspector of Buildings.

#32/2037-I

Copy to Porter-Burnham Co. - 131 Presble St.

November 25, 1932

Messrs. R. G. and H. T. Libby  
554 Congress Street  
Portland, Maine

Gentlemen:

We have today issued the permit covering change of the room at the southwest corner of the second floor of the Libby Memorial Building for use as a small apartment. This permit was delivered to Mr. Olson, your carpenter on the job.

The window leading to the fire escape of the building is located in this new apartment so that any person finding it necessary to use the emergency means of egress via the fire escape would be compelled to pass through this apartment. For this reason the Chief of the Fire Department states that he will require that you provide in the door leading to this apartment a thin glass panel of reasonable size, on this panel to be inscribed the words: "In Case of Fire Break Glass And Unlock Door to Reach Fire Escape." I explained to Mr. Olson that the large glass panel now in the door seems too large and too strong for safety in case a person should attempt to break it. He thought that a smaller panel could be fitted so that in case of breakage a person endeavoring to reach the fire escape would not be so liable to injury.

Will you be kind enough to take care of this matter?

Very truly yours,

Inspector of Buildings.
