Kr. George A. Felletier, Fgr. Sears Roebuck & Company 110 Free Street

Dear Hr. Pelletier:

Approval of the City Council having been given at its meeting on October 2, 1961, building permit covering enclosure of pavilton on mar of your store at the above named location is issued herewith. Permit was approved subject to the condition that these partitions will be removed within one year of the date the approximate must enstained and is issued on that tesis. As you have indicated in your latter of september 26, 1961, all mosdork in the enclosing partitions is to be covered on both sides with sheet metal. We shall expect this to be done without further delay.

Year truly yours,

Albert J. Sears Building Inspection Director

Hr. George A. Falletier, Hgr. Sware, Rosbuck & Company 110 Free Street

cc to: Corporation Counsel

Dear Mr. Pelletion:

Building permit for installation of prititics consisting partly of incombustible materials and partly of word covered with metal on both sides to exclose open air pavilion on Spring Street and of building at the above named location is not issuable under the Building tode because the enclosing walls are not entirely of incombustible materials as required by Section 402-c-l applying to Fire District #1 where the property is located.

We understand that you would like to ask relief from the Hunicipal Officers from compliance with the precise terms of the Code as penuitted by Section 115-a-3 thorsof. Accordingly we are certifying the case to the Corporation Counsel, to whose office in Room 208, City Hall, you should go to file the appeal. In order to have this ratter considered at the next meeting of the City Council, it is important that the appeal be filed not later than Friday, September 29th.

Very truly yours,

CITY OF PORTLAND, MAINE MEMORANDUM

TO:

Julian H. Orr, City Manager

DATE Aug. 22, 1958

FROM:

Albert J. Sears, Deputy Inspector of Buildings

SUBJECT:

Order for consideration of Municipal Officers for authorization of a temporary stand for Sears Roebuck Co., at rear of 110 Free Street (located at frontage on 61-71 Spring Street)

cc to: Corporation Counsel

This order authorizes issuance of a permit for a temporary inclosure of combustible material of an open but roofed over area of the building facing on Spring Street and is the same construction as has been authorized for a number of years now for temporary periods in the late Fall and again in the early Spring. We have again consulted Chief Johnson of the Fire Department who has no objection to it. There appears to be no reason why approval should not be given if the Municipal Officers see fit to do so.

Very truly yours,

Albert J. Sears
