Gentlemen

A building permit is issued herewith for certain alterations to the building at the above address subject to the following Building Code and special requirements.

A three-foot high railing is indicated around the opening in the floor, however no intermediate rails were shown. Please provide an intermediate rail midway between the floor and the top rail.

Please provide us with an additional section showing footings under the new columns. Or, if you prefer, merely write or call us and say that footings will be provided.

This permit is also being issued with the provision that a deluge system over both openings, into which the conveyor passes, will be provided.

Very truly yours

Earle S. Smith
Plan Examiner
