Dear Sir:

Inclosed is the building permit covering construction of a dormer window on the building owned by Mary McGee at 15 Avon Street. This location is in the first fire district, and the Ordinance requires that all of the exposed woodwork with the exception of the window frames and the sash be covered with metal. The roof of the dormer window, of course, must be covered with fire resistive roofing in compliance with the Ordinance.

If you are unwilling to comply with this requirement, the permit card should be returned promptly, and the work abandoned.

Yours truly,

Inspector of Buildings
