June 23, 1959

Bernard L. Shalit, Devs.
184 High Street

Gentlemen:

The attention of this department has been called to a badly deteriorated section of brick wall on top of retaining wall at the side of your property at the above named location. There are evidences of pieces of the wall having fallen and of more being liable to do so unless steps are taken to repair or replace the decomposed brickwork; thus creating a definite hazard to any person who might be in the vicinity of the wall. Will you not have this situation investigated and steps taken to correct this dangerous condition so that further action on the part of this department may not become necessary?

Very truly yours,

Albert J. Sears
Inspector of Buildings

AJS:m

Memorandum from Department of Building Inspection, Portland, Maine

Sept. 10, 1957

When such a system has been installed, the owner and lessee of the building are responsible for keeping the system in working order at all times so that the system may always be on guard to warn the occupants of the building in case a fire starts. To discharge this responsibility and to have good assurance that he will not be held either financially or criminally liable in case of injury or loss of life in his building due to fire, it is my belief that the owner and lessee must see to it that the alarm system is tested every twenty-four hours. This may be done by merely pressing very ~~the~~ briefly the test button to see if the bells ring loud and clear.

Most of these systems have dry batteries for their power, and the batteries will deteriorate in time so that they will not ring the alarm bells satisfactorily if at all. If the batteries are used briefly by this test every day, they will last longer than when less frequently.

Because this is a safety device whenever it is found that the bells do not ring loud and clear or any other defect appears in the system, the owner or his agent should notify immediately some predetermined party who has agreed in advance to come at once and service the system, whether day or night, Sundays or Holidays.

It is recommended that the name of such a party and the address and telephone number be posted permanently on or in the control box of the system.

(Signed) Warren McDonald
Inspector of Buildings

APPLICATION FOR PERMIT

Class of Building or Type of Structure..... Installation.....

Portland, Maine, Sept. 4, 1957

PERMIT ISSUED
SEP 10 1957
CITY OF PORTLAND

To the INSPECTOR OF BUILDINGS, PORTLAND, MAINE

The undersigned hereby applies for a permit to ~~erect~~ ~~alter~~ ~~repair~~ ~~demolish~~ install the following building structure equipment in accordance with the Laws of the State of Maine, the Building Code and Zoning Ordinance of the City of Portland, plans and specifications, if any, submitted herewith and the following specifications:

Location 180 High St. Within Fire Limits? .. . Dist. No.

Owner's name and address Annie Shalit, Eastland Hotel, 157 High St. Telephone .. .

Lessee's name and address .. . Telephone .. .

Contractor's name and address Curran Electric Supply, 399 Fore St. Telephone 2-5424 ..

Description: Elevator sticking between floors, makes terrible noise, etc. PH

NOTES: 1/22/54 - This complaint mislaid. Mrs. Shalit said today that the elevator is inspected and maintained monthly by Otis Elevator Co.

Mr. Williams of Otis says they had a call on 12/15/53 and found the car stuck at top of run. It was fixed and he knows of nothing unsafe there. He says that the elevator is abt. 40 yrs. old and has never been modernized which probably accounts for the noise. - MW

AFFIDAVIT

I, P. Samuel Hoffses, of Gorham, County of Cumberland and State of Maine, on oath, depose and state that I am the Building Inspector for the City of Portland, that as such I have jurisdiction over the issuance of all permits of construction of buildings, that prior to the enactment of a Condominium Conversion Ordinance by the City Council, Portland, Maine, in the Fall of 1981, there was no provision or method available for the filing of floor plans within my Department. For that reason the floor plans of Marlborough Condominium as the same appear in the Cumberland County Registry of Deeds in Unit Ownership File No. 22 were not filed in this office. That since the passage of the Condominium Conversion Ordinance, we now have procedures established for the acceptance and retention of such plans and that floor plans for Marlborough Condominium have now in fact been filed with this office.

DATED at Portland, Maine, this 7th day of July, 1982.

P. Samuel Hoffses

STATE OF MAINE

CUMBERLAND, ss.

Subscribed and sworn to before me on this 8th day of July 1982.
