RE: Sign Permit Application

Dear Mr. Discatio,

Your application for a permit to erect another free standing sign to replace the one removed on April 5, 1995 has been reviewed and denied.

Your previous free standing sign was nonconforming under our present sign ordinance. The present ordinance allows for changes in existing message panels but does not imply to allow the removal of a sign only to replace it months later in its entirety.

Please note that free standing signs on the Portland Peninsula are not allowed.

Also, please note that your current building signs do not conform to the present sign ordinance. You now have approximately 224 square feet of signage; the present ordinance allows for a maximum of 100 square feet.

If you would like to change or replace any of your existing signage to accommodate the proposed "Western Union" sign without any square foot increase, we would be glad to work with you toward that goal.

If you have any questions, please do not hesitate to contact this office.

Sincerely,

Marge Schmuckal  
Zoning Administrator

JOE,

Complete the highlighted areas  
on the application. The fee  
will be \$31.00.

When you apply stress that  
you are simply replacing an  
existing sign that rusted and  
had to be removed for safety  
reasons this sign will be  
the same size as before  
and you are not increasing  
the overall amount of square  
footage one bit.

thanks, Eric
