Miss Ruth Sylvester,
555 Cumberland Avenue
Mr. H. B. Clark
511 East Bridge St.

Subject: Application for building permit
for construction of inside stairway
at 555 Cumberland Ave.

Dear Madam & Sir:

While we are checking this work against Building Code requirements, I recommend, if you have not already done so, that you take this proposal to the Fire Department and make sure that this stairway will satisfy the Chief's order under State Law, thus to make sure that you do not spend the money and find that there is more work to do.

From my understanding of the sketch which Mr. Clark filed, it looks to me as though merely construction of the stairway might not meet the needs. However, it is not our function to pass upon the proposition as to satisfying the Chief's order. We have had some instances where we have issued permits for such work, the work has been done, and the owner has then found out that there was still more to do in a way that would cause extra expense than would have been incurred had there been complete understanding in the first place.

When our permit is issued, therefore, it will be purely on the basis of compliance with the Building Code, and the issuance is not to be taken as an indication of approval of the Fire Department.

Very truly yours,

WNCB/H

CC: Oliver T. Canborn
Chief of Fire Dept.

Inspector of Buildings

555 Cumberland Avenue-1

April 25, 1949

Mr. H. B. Clark
511 East Bridge Street
Portland, Maine

Subject: Permit for construction of stairway from third floor to second in all of building at 555 Cumberland Avenue

Dear Sir:

The permit for the above work is issued herewith subject to the following:

1. As specified by Section 203-f-1 of the Building Code, the new partition at the side of the stairs and the soffit of the stairs where exposed must be covered with plaster on incombustible lath and the permit is issued on the basis that this will be done.

2. It is not clear just what the arrangement is to be at the head of the stairs in the third story. Such matters as relative location of new and existing stairways and manner of reaching them are subject to the approval of the Fire Department under the Safety Ordinance. Therefore, as mentioned in a previous letter, it is important that you secure their approval of the arrangement shown before starting any work.

Very truly yours,

Inspector of Buildings

MS/G

Dear Mr. Cope:

Attention is invited to the enclosed copy of a letter sent you on August 31st 1987, a copy of which is enclosed with this letter.

Although this office advised you that your client, Salt River Associates, could apply for a change of use, we have not yet received a change of use application in this office. Perhaps there was some aspect of the building which did not meet some of our local codes and ordinances. In any event, if no change of use is processed within a six months following approval by the Board of Appeals on last August 27th, it will then be necessary for your client to apply again for this conditional use appeal before the Board of Appeals.

Sincerely,

Warren J. Turner

DEPARTMENT OF PLANNING & URBAN DEVELOPMENT

F. SAMUEL HOFFES, CHIEF
INSPECTION SERVICES DIVISION

April 1, 1968

RE: 555 Cumberland Avenue, Portland, Maine

Our Place, Inc.
2 McKee Drive
Old Orchard Beach, Maine 04064

Dear Sir:

Your application to change the use of a multi-family to a group home accommodating a maximum of 10 residents, has been reviewed and a permit is herewith issued subject to the following requirements:

1. See attached work sheet, read and implement items.
2. All vertical openings (stairways) shall be enclosed with walls and doors having a minimum of 20 minutes fire rating. All fire doors shall be equipped with an approved door closer.

This stairway enclosure shall be so designed so that upon entering the enclosure, you remain in the enclosure until you exit to the building exterior.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

F. Samuel Hoffes
Chief of Inspection Services

/el

cc: LT. James P Collins, Fire Prevention

BUILDING PERMIT REPORT

NO. 1001/87

ADDRESS: 555 Cumberland Ave

REASON FOR PERMIT: Remove Two's

Change From Multi Family To Group Home

BUILDING OWNER: Our place, Inc

CONTRACTOR: Fair Harbor Cos.

PERMIT APPLICANT: Cheryl Beane

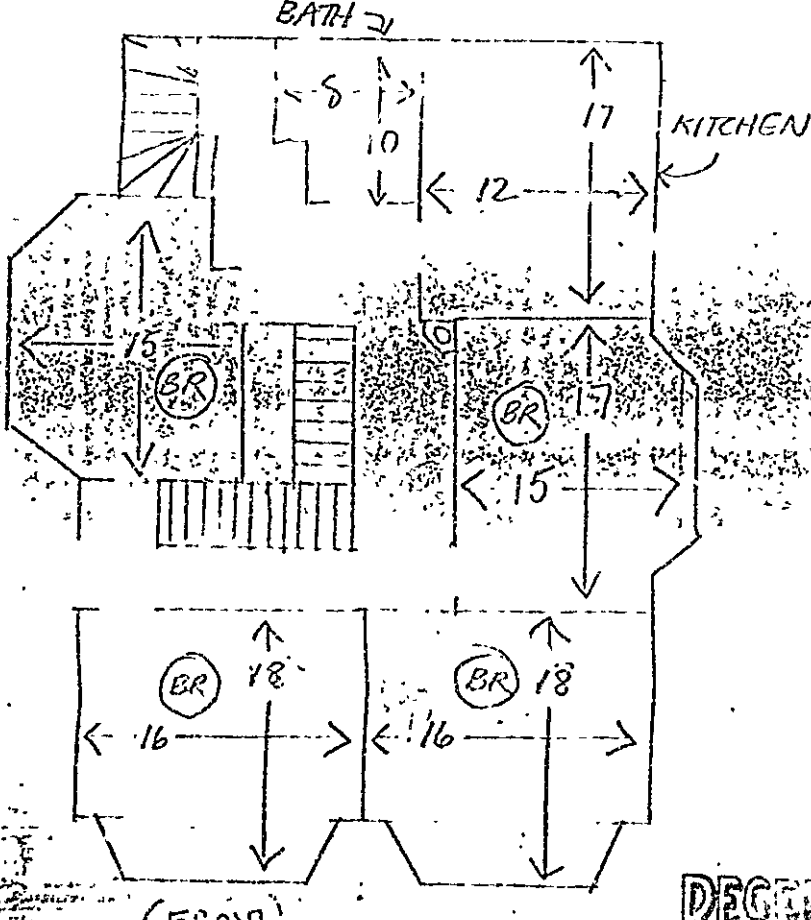

APPROVED: 1-2-5-3 DENIED

CONDITION OF APPROVAL OR DENIAL:

- X 1.) All vertical openings shall be enclosed with construction having a fire rating of at least one (1) hour, including fire doors with self-closers.
- X 2.) Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable when it exits directly from the apartment to the building exterior with no communications to other apartment units.
- X 3.) The boiler shall be protected by enclosing with one (1) hour fire rated construction including fire doors and ceiling, or by placing over the boiler, two (2) residential sprinkler heads supplied from the domestic water.
- 4.) Every sleeping room below the fourth story in buildings of Use Groups R and I-1 shall have at least one operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside opening without the use of separate tools. Where windows are provided as a means of egress or rescue, they shall have a sill height not more than 44 inches (1118 mm) above the floor. All egress or rescue windows from sleeping rooms must have minimum net clear openings of 5.7 square feet (0.53 m²). The minimum net clear opening height dimension shall be 24 inches (610 mm). The minimum net clear opening width dimension shall be 20 inches (508 mm).
- X 5.) In addition to any automatic fire alarm system required by Sections 1018.2.5, a minimum of one single station smoke detector shall be installed in each guest room, suite or sleeping area in buildings of Use Groups R-1 and I-1 and in dwelling units in the immediate vicinity of the bedrooms in buildings of Use Group R-2 or R-3. When actuated, the detector shall provide an alarm suitable to warn the occupants within the individual unit (see Section 1717.3.1).
