Inquiry
43 Clark St.

April 5, 1954

Mr. Ernest Myers,
29 Forest Street,

Dear Mr. Myers:

Your inquiry concerning the proposed use as a repair garage of the building at 43 Clark Street is at hand. While you state in the inquiry that the last use of the building was a repair garage, we can find no record of the building ever having been legally used for such a purpose.

Since the building is located in an Apartment House Zone where the Repair Garage use is not allowable, it is not permissible to now use the building for such a use unless you can furnish definite proof that the building was being so used in 1938 and that the use was not abandoned for a period of two years or more since 1946. It appears extremely doubtful if this can be done.

For your information a repair garage is classified as "one where motor vehicles, other than those habitually kept there, are repaired."

Very truly yours,

AJS/H

Inspector of Buildings
