Mr. Gerald L. Johnson
1603 Westbrook Street
Portland, Maine 04102

Re: 37 Carroll Street

Dear Mr. Johnson:

The following listed deficiencies were noted during an inspection on November 2, 1967:

- a. In order to assure a weathertight exterior it will be necessary to paint weathered clapboard siding and trim.
- b. The existing boiler is antiquated and is leaking. Have the system checked out by a competent heating engineer.
- c. The metal roofing of the rear sun porch is to be checked for leakage.
- d. The main roof edge flashing and metal gutter liner appears to be deteriorating and should be checked for leakage.

This list is to be considered supplementary to the original and corrective action should be taken as soon as feasible.

Sincerely,

Gordon E. Martin
Housing Supervisor

Dear Mr. Johnson: RE: 37 Carroll Street

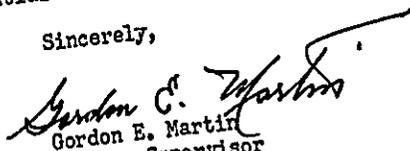

Your property has been surveyed by the Portland Housing Division, and certain deficiencies to the minimum Code standards were noted. A list of these deficiencies is attached, and we suggest that you make the necessary corrections.

The Bramhall Hill Program staff is ready to help you improve your property. If you want advice on repairs, cost estimates, contractors, plans, or financing, please call 773-1773 for an appointment.

There are many free services available through the site office, and we urge you to use them. Good maintenance is the best way to preserve the useful life of your property and neighborhood.

Thank you for your cooperation in making Bramhall Hill a more beautiful residential area.

Sincerely,

Gordon E. Martin
Housing Supervisor

INTER-OFFICE CORRESPONDENCE

CITY OF PORTLAND, MAINE
FIRE DEPARTMENT

To: Mr. Robert Ourlley, Director
Bramhall Hill Neighborhood Conservation Program
From: Samuel Gerber, Captain - Fire Prevention Bureau

Date: May 26, 1967

SUBJECT: Re- inspection of referred notices and general inspection
of buildings listed below in the Bramhall area.

37 Carroll Street (2 Family Duplex House)

Received: 5/25/67
Inspected: 5/26/67

The complaint was: Only one screen of egress from the third
floor on the left side.

Lieut. MacVane's inspection revealed that this a two family
duplex house. As long as this remains in the single family status,
fire department regulations do not call for two ways out.

No other fire hazards were found.
Estimated inspection time: 1 hour.

Samuel Gerber
Captain - Fire Prevention Bureau

Copy sent to Mr. Gordon E. Martin, Housing Supervisor

Fire Chief Joseph R. Cromo

May 25, 1967

Gordon E. Martin, Housing Supervisor

37 Carroll Street - owners: Mr. Leroy E. Goss

As part of the Bramhall Project, we have made an inspection of 37 Carroll Street and find only one means of egress from the third floor on the left side.

I call this to your attention for whatever action you care to take.
