File Permit No. 34/1808-I

The Kimball System of Portland,
51 Cross Street,
Portland, Maine.

Gentlemen:

With relation to the sign which you erected last year for Marcan's Drug Store at 231 1/2 Congress Street under building permit No. 34/130, it appears that this sign was not erected in accordance with the plan submitted with the original permit. Subsequently two letters were written to you about it, the sign was changed in location and finally on July 5, 1934 you submitted a revised plan showing the way the sign was then erected and as it stands at the present moment. There was a question about the guys obstructing windows. This latter plan was sent to Chief Sanborn who objected to the guys obstructing the windows as shown on the plan and as then existing.

Apparently Mr. Cochran agreed with Mr. Sears of this office that he would have the cable guys changed to rigid guys and thus avoid obstruction to any windows. Chief Sanborn had given assurance that this would be satisfactory to him.

We now find that nothing has been done and that the sign still exists as indicated in your plan dated July 5, 1934.

Will you be kind enough to have these cable guys changed to rigid angle iron guys on or before February 11, 1935 and notify this office when the change has been made so that we may make another inspection and close the matter from our records?

Very truly yours,

Inspector of Buildings.

December 22, 1982

Mr. Michael Gillis
61A St. Lawrence Street
Portland, Maine 04101

Dear Mr. Gillis:

Building permit and certificate of occupancy for a change of use from 6 to 8 families at 929 Congress Street cannot be issued due to the fact that density is computed based on the adjacent R-6 Residence Zone. Your property is in the B-2 Business Zone but residential density is based on R-6 density of one family unit per 1,000 square feet of land area. (Sec. 602:7.B.8. of the City Zoning Ordinance.)

Your lot at 929 Congress Street amounts to 6,566 sq. ft. of land area, which entitles you to have 6 family units on this lot. If eight family units were to be established, this would be in excess of the six units already authorized for this size lot.

If you wish to exercise your appeal rights in this matter, you may come to Room 113, City Hall, Portland to file the appeal on forms which are available here. A fee of \$50.00 shall be paid when the appeal is filed. If fee has been paid and appeal filed prior to this letter, then consider this letter as a matter of formality.

Please advise us soon as to how you wish to proceed with this proposal. Perhaps you can acquire another lot behind your building at #929 Congress Street to support your request for additional apartment units.

Sincerely,

Warren J. Turner
