Re: Amendment of Cost and plans

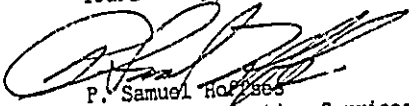

Sir:

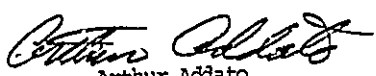

You have been issued a permit to complete alterations at the above address. The amount of contractual cost, estimated on the permit application, seems very low as to the extent of work completed at this time.

It is therefore necessary for you to file an amendment to your permit which shows a true estimated contractual cost.

Failure to abide with this request could necessitate a \$100.00 belated fee and a fine of from \$50.00 to \$1,000.00 per day. Please take care of this matter as soon as possible.

Yours truly,

P. Samuel Hoffner
Chief of Inspection Services

Arthur Addato

At Fish Ave., Pecks Island

November 8, 1945

Mr. A. P. Foss
Pleasant Ave., Pecks Island
Francis H. Bierhoff
1 University Place,
New York, N. Y.

Subject: Application for building permit to
cover construction of open rear piazza
6 feet by 12 feet attached to cottage of
Francis H. Bierhoff on Fish Ave., Pecks
Island (Assessors Lot No. 84-A-1)

Dear Sir & Madam:

Above building permit is herewith subject to the following:

1. The concrete foundation piers are required to extend at least four feet below the finished surface of the ground or to ledge if ledge is not more than six inches above the finished surface of the ground. Wooden frame of the piazza to be anchored to the piers by means of metal dowels cast into the concrete and set in the wooden framing, or equivalent.
2. I assume from Mr. Foss's sketch that there are to be three concrete piers, one under each corner or near and one under the center of the rear side of the piazza and that the 4x6 sill is to run around the ends of the piazza, supported upon the piers and supported upon the foundations of the present cottage. 3-inch dimension of the sill to be set upright.
3. Presumably there is to be a 4x4 post over each concrete pier, running on the top of the sill and running up to the under side of the 4x4 purlins which has been indicated to support the outside ends of the roof joists.

Very truly yours,

Inspector of Buildings

WCH/R
