INSPECTION NOT COMPLETED  
General Description of New Work

To construct one outside chimney on side of dwelling.

The brickwork of the chimney is to be corbelled so as to pass through the outside wall of the building at the point where the smokepipe enters so as to obviate the need of carrying the smokepipe through the outside wall.

CERTIFICATE OF OCCUPANCY  
REQUIREMENT IS WAIVED.

It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contr. for. PERMIT TO BE ISSUED TO George Keening

P.69/1497-I

September 17, 1938

Mr. George E. Jordan,  
Island Avenue,  
Peaks Island,  
Portland, Maine

Dear Sir:

Enclosed is the building permit covering alterations in the cottage of James C. Moran (1st flight) on Adams Street, Peaks Island. Your plan is not complete enough for us to be sure that we fully understand the structure, but as far as we understand it, the following changes in the framing will be necessary to satisfy the requirements of the Code:

Make the 2x8 joists proposed in the floor of the large addition not more than 16 inches from center to center. Make the 2x8 joists (these could be 2x4 if you so desire) on the four foot bay window projections no more than 18 inches from center to center.

4x4 on edge is satisfactory under the rear wall of the addition, but the sills under the two sides walls of the large addition and the center girder are required to be at least 6x8.

The girder proposed on either side to support a part of the roof of the small additions and a part of the roof of the present cottage, where the existing outside walls are removed to leave a 10 foot wide opening are required each to be 6x8. The size of this stick could be cut down somewhat if the lumber used were Long Leaf Southern Pine or bona-fide Douglas Fir.

Please be governed accordingly.

Very truly yours,

Inspector of Buildings

McD/H  
CC: James C. Moran  
825 Congress Street

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

Dated Sept 15, 1938

for rear addition  
at Adams St.

1. In whose name is the title of the property now recorded? James
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? Natural feet
3. Is the outline of the proposed work now staked out upon the ground? Yes If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced?
4. What is to be maximum projection or overhang of eaves or drip?
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the exact outline of the proposed work on the ground, including bay windows, porches, and other projections? Yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? Yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made?

Contractor Jordan refused to sign this James E. Moran
