Dec. 5, 1951

Mr. Elwood H. Lake  
Whitehead Street  
Peaks Island, Maine

Dear Mr. Lake:

It has been reported to this office that the porch on front of a dwelling on Whitehead Street, believed to be located as designated by the Assessors as 14-14, of which you are reported to be the owner, is being enclosed. A building permit is required for such work, unless the enclosure is to be only of a temporary nature with storm windows so installed that they may be removed in the summertime. Unless more than fifty percent of the enclosing walls is to be glass area of windows and doors, Zoning Ordinance requirements as to distances from street and lot lines apply.

If it is your property where work of this nature is being done, will you or your contractor please come to this office and file an application for a balanced permit, furnishing information as to the exact nature of the work being done and distances to street and lot lines? In such a case it would be well to stop all work until a permit authorizing it has been issued.

Very truly yours,

Albert J. Sears  
Building Inspection Director
