Memorandum from Department of Building Inspection, Portland, Maine

Herriam St., Peaks Island - Alterations to Dwelling for Alice L. H. Shute  
by John Shute - 10/19/53

Permit for construction of an outside chimney on the left hand side of your dwelling house on Herriam St., Peaks Island (Assessors' Lot Nos. 85-J-47, 42 & 16) is issued herewith. Attention is called to the requirements of the Building Code that the brickwork of the chimney shall be kept at least one inch away from the combustible wall of the dwelling except where the smokepipe is to enter it. At this point the brickwork is required to be cantilevered from the chimney wall so as to pass through the wood frame wall of the building to a point at least even with the inside face of the studding. Permit is issued on the basis of compliance with these requirements.

REPRODUCTION COPY

Merriam St., Peaks Island  
(Assessors' Lot Nos. 85-J-1, 2, 16, 42 & 47)

January 14, 1953

Mr. A. P. Foss  
Pleasant Ave.,  
Peaks Island, Maine

Copy to: Mr. A. J. Shute  
Merriam St.,  
Peaks Island, Maine

Dear Mr. Foss:

On the understanding that Mr. Shute has purchased the small adjoining lot of land, building permit for construction of a one story addition 16'x18' on the side towards Spruce Avenue of the dwelling of A. J. Shute on Merriam St., Peaks Island (Assessors' Lot Nos. 85-J-1, 2, 16, 42 & 47) is issued herewith subject to the following conditions:

1. The proposed addition is not to be so located that any room in the existing building will be left without at least one window opening directly out-of-doors.
2. The 2x6 floor timbers either are to rest on top of the 4x6 sills and girder or else are to be notched over no less than 2x3 nailing stripe spiked to the sides of those members. Sills are required to be all one piece in cross section and to be placed with the 6-inch dimension upright.

Very truly yours,

Warren McDonald  
Inspector of Buildings

AJS/T

AP Herriam St., Peaks Island  
(Assessors' Lot Nos. 85-J-16, 42 & 47).

December 22, 1952

Mr. A. P. Foss,  
Pleasant Ave.,  
Peaks Island, Maine

Copy to: Mr. A. J. Shute  
Merriam Street  
Peaks Island, Me.

Dear Mr. Foss:

As far as we have been able to determine from those records which are available, there appears to be a question of zoning involved concerning your application for a permit to construct a one story addition 16' x 18' on the side toward Spruce Avenue of the dwelling of A. J. Shute on Merriam Street, Peaks Island (Assessors' Lot Nos. 85-J-16, 42 & 47). Unless Mr. Shute owns more land than we are aware of, the end of the proposed addition would be only two or three feet from the side lot line, whereas a clearance of not less than 15 feet from that lot line is required for any new work in the Apartment House Zone where the property is located.

If this is the case, we are unable to issue a permit for the proposed addition. If conditions are better than this, it is necessary that an accurate location plan be furnished showing the distance of the proposed addition from street and lot lines and also the set back from Merriam Street of the existing dwelling on the adjoining lot at the corner of Spruce Avenue and Merriam Street.

Very truly yours,

Warren McDonald  
Inspector of Buildings

Appeal to the Municipal Officers to Change the Decision of the

Inspector of Buildings Relating to the Property Owned

by A. J. Shute at Morrian St., Peaks Island

April 2, 19 35

To the Municipal Officers:

Your applicant, A. J. Shute

who is the owner of property at Morrian St., Peaks Island

respectfully petitions the Municipal Officers of the City of Portland to change the decision of the Inspector of Buildings relating to this property, as provided by Section 13, Paragraph c. of the Zoning Ordinance, on the ground that the enforcement of the ordinance in this case involves unnecessary hardship and because relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

The decision of the Inspector of Buildings denies a permit to build a one story frame addition 12'x12'6" on the rear of dwelling house at the above location because the proposed addition would be only four feet from the side property line, whereas five feet is the minimum side yard distance in the Apartment House Zone in which the property is located.

*F.R.*

The reasons for the appeal are as follows: The appellant desires this addition to provide a kitchen on the rear of the building, making the present kitchen into a bedroom. As there is no building within at least seventy feet of the dwelling on which the addition is to be built and little likelihood of there being any building constructed upon the intervening lots he feels that this appeal may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

To Whom It May Concern:

The Committee on Zoning and Building Ordinance Appeals of the Board of Municipal Officers will hold a public hearing at Room 55, City Hall, Monday, April 18, 1935 at 11:00 o'clock in the forenoon upon the appeal of A. J. Shute with relation to the construction of an addition to his dwelling house on Merrick St., Peaks Island.

The Inspector of Buildings was unable to issue a permit to cover this addition because it is proposed less than five feet from the side property line.

All persons interested either for or against this appeal will be heard at the above time and place.

COMMITTEE ON ZONING AND BUILDING  
ORDINANCE APPEALS

Philip J. Deering, Chairman

April 8, 1955

Mr. A. J. Shute,  
Merriam Street,  
Peaks Island, Maine.

Dear Mr. Shute:

The Committee on Zoning and Building Ordinance Appeals of the Board of Municipal Officers will hold a public hearing at Room 55, City Hall on Monday, April 18, 1955 at 11:30 o'clock in the forenoon upon your appeal with relation to the construction of an addition to your dwelling on Merriam Street.

You are expected to be present or represented at this hearing in support of your appeal.

COMMITTEE ON ZONING AND BUILDING  
ORDINANCE APPEALS

Philip J. Dearing, Chairman

35/11

April 15, 1955

To The Municipal Officers:

The Committee on Zoning and Building Ordinance Appeals to whom was referred the appeal of A. J. Shute with application for a construction of an addition to a dwelling house on Herriex Street, Peaks Island, reports as follows:

It is the belief of this Committee that failure to grant this permit involves unnecessary hardships and that desirable relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

It is recommended that the appeal be sustained and that the permit be granted subject to full compliance with all terms of the Building Code.

NOTES

Close to Partition  
clearcut, to be fixed

April 1, 1935

File Receipt No. 3992B-1

Mr. A. J. Joss,  
Pleasant Avenue,  
Peaks Island, Maine.

Dear Sir:-

With relation to your application for a building permit to cover alterations in the building owned by A. J. Shute on Merriam Street, Peaks Island, your sketch filed with the application indicates that the proposed new one story addition would be only four feet from the owners side property line.

Under the Zoning Law we are unable to issue a permit for new construction work in such a zone closer than five feet to the side property line. You may not have measured this side distance accurately. If this is the case and you should find that this distance is five feet or more to the side property line, please notify this office and correct the location plan accordingly so that come up the distance on the ground. If on the other hand you find that the distance is less than five feet, we are unable to issue the permit, but you have appeal rights under the law which he can exercise by coming to this office and filing the papers with the Board of Municipal Officers who have authority to vary the Ordinance in cases where a variance will not depart substantially from the spirit of the law. There is no charge for this appeal, but a decision could hardly be reached by the Board on this matter before April 15, 1935. If Mr. Shute should decide to file this appeal, however, he should do it as soon as possible as a week or more before the meeting where action is taken if necessary to take care of the public hearing and notification of it.

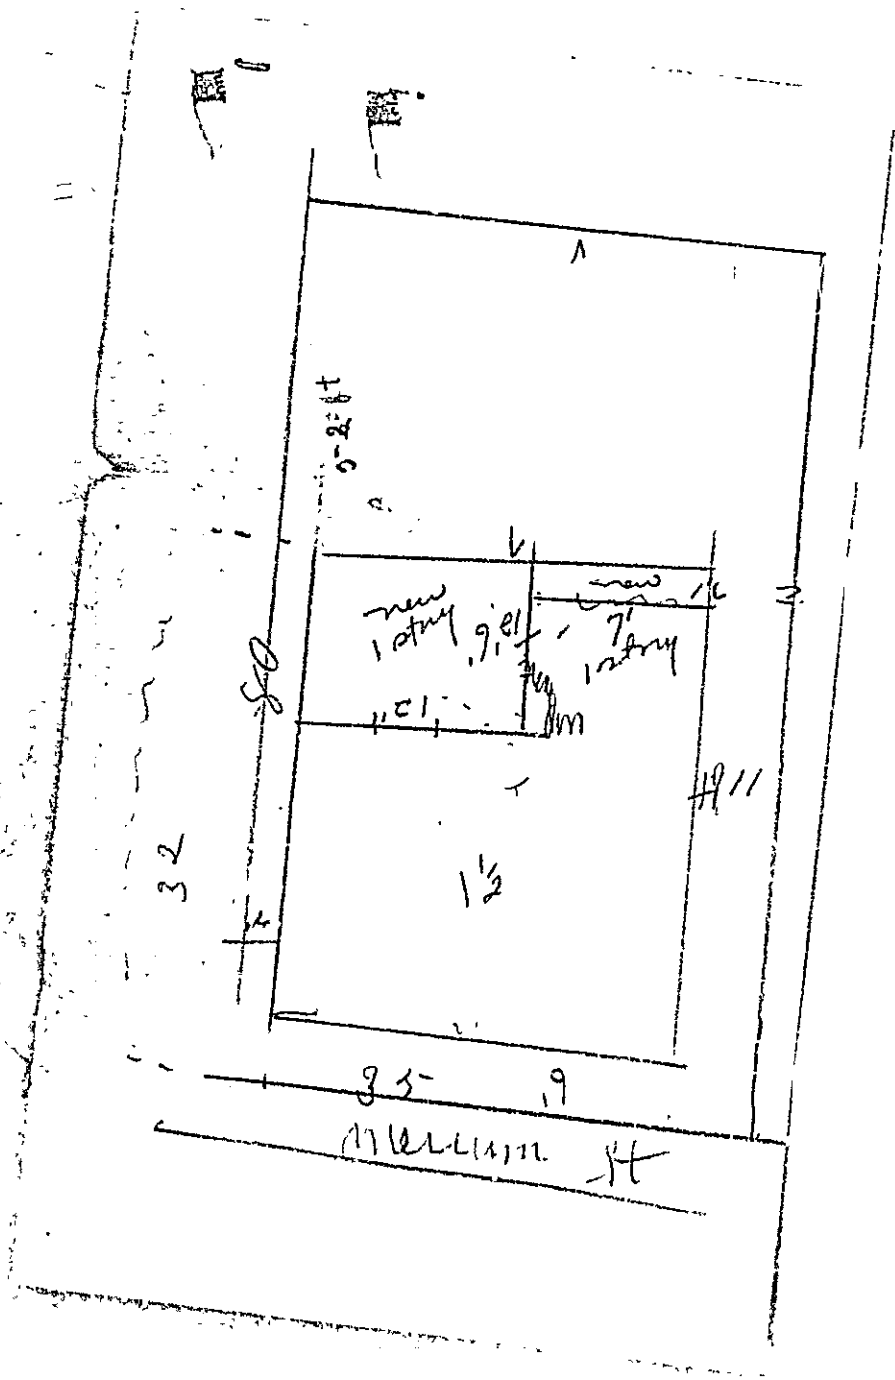

I am sending Mr. Shute a copy of this letter.

Very truly yours,

Inspector of Buildings.

McD/H  
CC: A. J. Shute
