October 20, 1928.

Mr. E. H. Weaver
Sargent Road
Peaks Island, Maine.

Dear Sir:

Enclosed is the building permit covering placing of wall board in the cottage of Mary G. and Fred H. Merrill on Central Avenue, Peaks Island.

Upon inspection by the undersigned, it is found that the second floor of this building is supported upon ledger boards. Wherever these walls are to be covered, a tight wooden fire stop should be cut between the studs below and tightly against the ledger board so as to prevent the possible travel of fire from the side walls up under the floor. In the closets on the second floor, wooden fire stops should be cut tightly in between the rafters at the head of the partitions so as to prevent travel of fire from the closets up into the little blind attic at the top of the building.

Please arrange to provide these fire stops before any of the wall board is put on.

Very truly yours,

Inspector of Buildings.

VM/EP
CC--Mary G. and Fred H. Merrill
