Mrs. Carol Burgess  
Sterling Street  
Peaks Island

cc to: Mrs. McCullum, Sterling St.,  
Peaks Island - name did not  
appear on original letter

Dear Mrs. Burgess:

It has come to the attention of this department that a shed has been built on your premises at the above named location without a building permit first being applied for. It is therefore necessary that you or the person that built this shed to come to this office in Room 113, City Hall at once and apply for a building permit, and at that time give us a location plan of this shed on your lot in relation to side and rear lot lines and distance to your dwelling on the lot.

We also need information such as; what is the foundation for the shed, or does it set on top of the ground? What are the walls, rafters and framing in general?

We will be able with this information to check this against the requirements of the Building Code and the City Ordinance. This permit should be applied for not later than May 28, 1970.

Very truly yours,

A. Allen Soule  
Assistant Director Building Inspection Dept.
