PEAKS ISLAND

THE COLONY
NEW YORK

May 26, 1958

AP - Island Ave., Peaks Island(87-H-4)

Mr. Arnold D. Foss
Peaks Island
Maine

Dear Mr. Foss:

Building permit for constructing a single car garage on the lot with your dwelling at the above named location is issued herewith subject to the following conditions:

1. The corner of the building nearest Island Avenue is to be no less than 26 feet from the street line and 10 feet 6 inches from the side lot line.
2. Use of the building is limited to storage of motor vehicles and any other use ordinarily considered accessory to your dwelling, as outlined in our previous letter.

Very truly yours,

Albert J. Sears
Deputy Inspector of Buildings

AJS:M

May 21, 1958

AP - Island Ave., Peaks Island (87-H4)

Mr. Arnold D. Foss
Peaks Island, Maine

cc to: Corporation Counsel

Dear Mr. Foss:

Examination of the plot plan filed with application for permit for construction of a single car garage 18 feet by 24 feet on the lot with your dwelling on Island Avenue, Peaks Island (Assessors' Lot No. 87-H-4) discloses that the proposed location is at variance with Zoning Ordinance requirements, applying to the R-3 Residence Zone in which the property is located in the following respects:

1. The proposed building is to be closer to Island Avenue than your own dwelling on the same lot, contrary to Section 14 of the Ordinance.
2. The building is to be only 6 feet from the side lot line and thus will encroach upon more than twenty per cent of the length of the required 8 foot wide side yard, contrary to Section 18 of the Ordinance.

Changed to 10'-6"

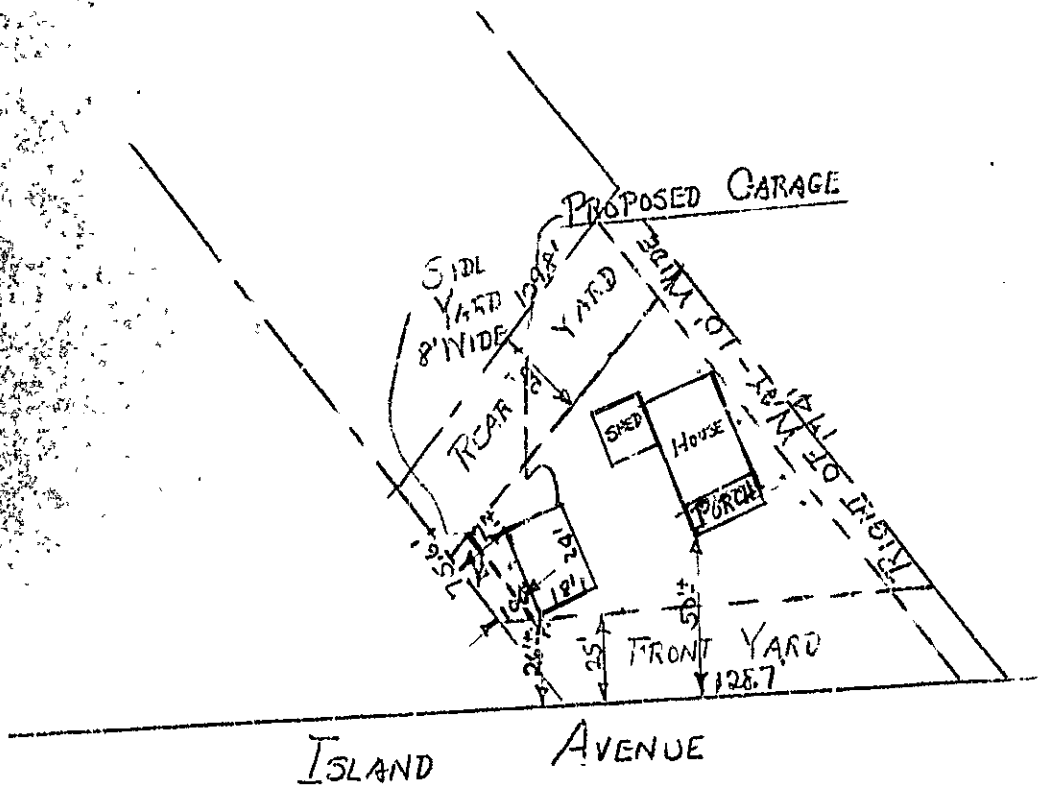

Since these conditions are due primarily to the unusual shape of the lot, it is likely that the Board of Appeals would give sympathetic consideration to a request from you for relief from compliance with the precise terms of the Ordinance in this particular case, but we, of course, are unable to tell definitely in advance just what action they might take on such an appeal. If you should care to exercise your appeal rights concerning this matter, we suggest you consult the Corporation Counsel at Room 208, City Hall, at whose office the appeal should be filed, since we are unable to issue a permit for a building in the proposed location without authorization of the Appeal Board.

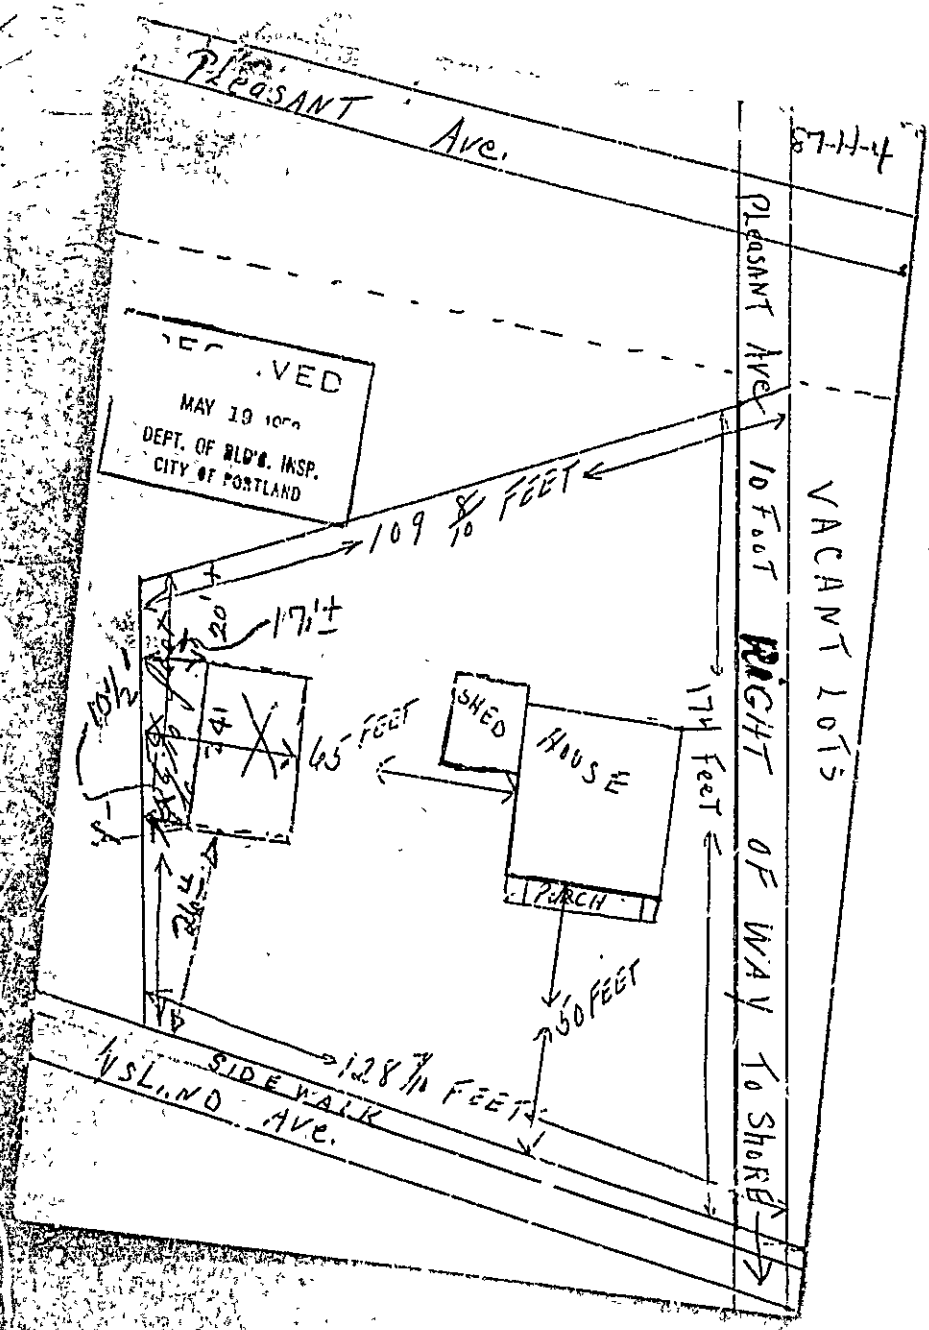

We note that, while your application designates the use of the proposed building as a single car garage, its width is much greater than that of the usual one car garage. It is likely that you have in mind using that part of the building not occupied as garage space for storage of some nature. Such a use to be allowable in the R-3 Residence Zone must be limited to those ordinarily considered necessary to the dwelling on the lot, such as the storage of garden tools, lawn mower, fuel, screens, storm windows and the like. This is being called to your attention so that, if you have other plans than this for use of the building, you may be aware of the application of the Zoning Ordinance to the situation.

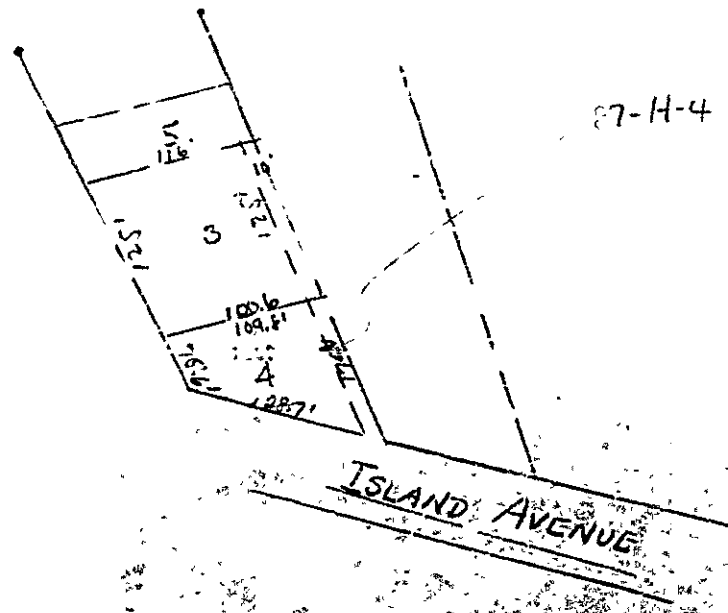

Very truly yours,

Warren McDonald
Inspector of Buildings

April 16, 1932

Portland Stove Foundry Company
32 Kennebec Street
Portland, Maine

Gentlemen:

During the latter part of 1928, you installed a warm air furnace in the building owned by Edward Kalia on Island Avenue, Peaks Island, and though we have made seven attempts to inspect the furnace since it was installed, the Inspector was unable to get inside of the building until recently when other alterations have been undertaken.

We found everything satisfactory except one detail. Will you be kind enough to have the man who had charge of this installation come to this office at some convenient time during the Inspector's office hours named above so that we may go over this matter?

Very truly yours,

Inspector of Buildings.
