L

1
AP. Pleasant Ave., Peaks Island
(Ruth L. Sturgis)-I

October 14, 1948

Miss Ruth L. Sturgis
Pleasant Avenue
Peaks Island, Maine

Subject: Building permit for enclosing
a portion of one story piazza attached
to cottage owned by Ruth L. Sturgis
on Pleasant Avenue, Peaks Island

Dear Miss Sturgis:

I have talked the matter over with your father and I understand that the end of this piazza toward Church Avenue is already enclosed so that only two sides of the portion to be enclosed will now be built, thus with the wall of the cottage making a complete enclosure beneath the existing roof.

He says that the foundation of the piers are in good condition and also the walls. The studs or uprights in the new exterior walls are required to be no less than 2x4. Normally studs in exterior walls of habitations are required to be spaced no more than 16" from center to center, and that is usually done out the Building Code makes an allowance in the case of summer cottages that the studs may be spaced no more than 24" from center to center.

A copy of the letter is enclosed for you to give to Mr. Brackett, if you desire.

Very truly yours,

WED/G

Inspector of Buildings

Enclosure: Copy of letter for contractor

Re: 87-K-5 Pleasant Avenue, Peaks Island, Maine

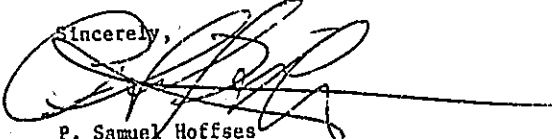

Dear Ms. Sudlow & Mr. Bishop:

Your application to make interior renovations, including the construction of an open sun deck has been reviewed and a building permit is herewith issued subject to the following requirements:

1. The building code requires a minimum of 7 feet in any dimension for any habitable room other than a kitchen.
2. The 4" X 4" post must have a bearing to a carrying beam or extend to a foundation.
3. The joist must be a minimum of 2" X 8" 16" o.c. resting on minimum of 6" X 10" header.
4. The proposed deck shall have a guard rail around the perimeter with if more than 30" above grade and be a minimum of 36" in height.
5. Required guard rail in open sides of deck shall have intermediate rails or ornamental closures which will not allow passage of an object six (6) inches or more in diameter.

If you have any question regarding these requirements, please do not hesitate to contact this office.

Sincerely,

P. Samuel Hoffses
Chief of Inspection Services
