RE: 87-00-29 Island Avenue
Peaks Island, Maine

Dear Mr. Crandall:

Building permit for the addition and alterations proposed for the building owned by Herman Littlejohn can not be issued as the proposed building addition does not meet the new side yard setbacks of 10 feet each on either side of the proposed building.

Setbacks are measured from the wall of the building to the nearest property-line and the required side yard in the Island Business Zone on Island Avenue is ten (10) feet instead of the dimensions indicated on your proposed site plan which are 6 feet 9 inches and 7 feet 6 inches at the nearest points on the lot.

Please revise your site plan for the proposed addition and keep the proposed addition within the prescribed sideyard setbacks or advise if the owner wishes to seek space and bulk variances from the Board of Appeals.

Sincerely,

Warren J. Turner
