

Island Avenue,
Peaks Island, Me. 04108
April 6, 1973

City of Portland
Board of Appeals
City Hall
Portland, Maine

Attention: Mr. William B. Kirkpatrick
Chairman

Gentlemen: Re: Petition of Jackson & Casey of
Peaks Island, for Zoning Ordinance
exception.

As owner and occupant of the property across Island
Avenue from the building in question, I would like to
express myself as heartily in favor of the proposed
changes by Jackson and Casey.

This building as it now stands is an eyesore and steadily
falling into disrepair. It spoils the looks of the
neighborhood; the surrounding homes all being well main-
tained.

Aside from this, there is an urgent need for small
apartments on Peaks Island, and completion of the reno-
vation of this building as planned would add greatly to
the efficient use of this property and also enhance the
value of the surrounding homes.

I trust this exception to the Zoning Ordinance will be
granted.

Yours very truly,

Myra Norris

Island Avenue
Peaks Island, Maine
April 5, 1973

Mr. William B. Kirkpatrick, Chairman
Board of Appeals
City of Portland, Maine

Dear Sir:

With reference to your letter of March 30, 1973 and the appeal of Jackson and Casey Plumbing and Heating with regard to the building on the corner of Island Avenue and Church Avenue, Peaks Island, I strongly endorse the proposed renovation to make it over into an apartment house in accordance with the plan submitted.

I believe it will thus serve a community need and will undoubtedly add to the appearance of the area, as well as becoming an economic asset to the City of Portland.

Yours truly,

Margaret E. Randall
Margaret E. Randall-

Glastonbury, Conn. 06033

April 8, 1973

Mr. W. F. Kirkpatrick, Chairman
BOARD OF APPEALS
City of Portland, Maine

Dear Sir:

I am in receipt of your communication of March 30th, 1973, in regard to the variance appeal of Jackson & Casey Plumbing & Heating of Peaks Island.

It strikes me that the said request should be looked at as one of attempted salvation rather than as an attempt at development in the strict sense of the word.

Golden Cross Hall, as I remember this building being called in my youth, while somewhat the worse for wear at the moment, is, (1) there; (2) is the only eyesore in the immediate neighborhood; (3) appears to be architecturally sound; (4) is part of Peaks Island heritage; (5) is (and has been for years, apparently) in variance as a single family dwelling now; (6) could become a handsome structure again if well done, and should be qualify for variance under that exception that states "property in the same....neighborhood will not be adversely affected..." I'm sure a case could be developed within other prerequisites for exception if one would but take the time.

As one who met and played in "the hall over Cal Richardson's Store" over 40 years ago, I would be pleased to see it be given new life and would cast my vote in favor of Jackson & Casey's appeal.

Sincerely,

cc: Mrs. B. Funn
Mrs. M. Randall

Board of Appeals,
City of Portland, Me.
William B. Kirkpatrick
Chairman

Dear Sir:

In regard to your letter of March 30th concerning the hearing
in Room 209 City Hall Portland Maine on May April 12, 1973.

This is to hear the appeal of Jackson & Casey requesting an
exception to the zoning ordinance to permit to change the 2-family
unit to a 5-family apartment house on the corner of Island Ave
& Church Ave. Peaks Island...

My husband and I are ~~in~~ heartily in favor of this request.
For 1 simple reason. It will improve the property which has been
deteriorating over the past several years. Repairing & renovating this
building will improve the neighborhood.

Until June 1st of last year, we owned Fisher Lodge, a small
hotel in the same neighborhood in the same zone area, and I
am sure we were never a nuisance to anyone of our neighbors.

On Peaks Island, we need substantial people to buy and
restore or renovate old buildings to good condition. It is not
only wise for esthetic reasons but it certainly helps the tax
situation.

Hoping that his appeal will be honored

Sincerely,
Caro L. Balcom
Albert F. Balcom

April 9, 1973
Centennis Street
Peaks Island Maine, 04105

Mr. William B. Kirkpatrick Chairman
Board of Appeals
City of Portland, Maine.

Sir:

This letter is in regard to the matter before your Board of Appeals, Room #209, April 12, 1973., regarding the request to change the present status of the building at the corner of Island Avenue and Church Avenue, Peaks Island, Maine.

We are hopeful that your board will grant this change of zoning to Jackson & Casey Plumbing & Heating Corporation, the proposed owners, as we as property owners, and neighbors in this area would be most grateful to see this property repaired, and made available to the retired citizens of our Island, which is planned by the proposed owners. In fact we have reserved one of the apartments for my wife's mother, when the facilities are complete.

Truly yours,

Mr. & Mrs. Howard Twissall, Owners,
Fisher Lodge, Peaks Island, Maine.

Attn: Mr. William B. Kirkpatrick, Chairman

Re: Jackson & Casey

Dear Sir:

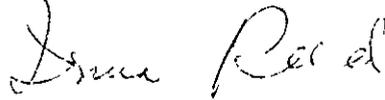

This letter to your Board of Appeals is to let you know that, as Property Owners adjoining the area to the Proposed renovation of the building at the corner of Island and Church Avenue formerly owned by M. Whitton Sr., and presently before your board to be re-zoned, we are in favor of this proposed renovation, from the present condition of said building to the proposed five family apartment building that Jackson & Casey Plumbing & Heating Corporation, Peaks Island, Maine, are requesting permission to do.

Yours truly,

Mr. & Mrs. Elmer Reed

Island Avenue, Peaks Island, Maine, 04108

CITY OF PORTLAND, MAINE
IN THE BOARD OF APPEALS

March 30, 1973

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in Room 209, City Hall, Portland, Maine on Thursday, April 12, 1973 at 7:00 p.m. to hear the appeal of Jackson & Casey Plumbing & Heating requesting an exception to the Zoning Ordinance to permit and certificate of occupancy to change the use of the 2-family dwelling and store to a 5-family apartment house on the corner of Island Ave. and Church Ave., Peaks Island.

This permit is presently not issuable under the Zoning Ordinance for the following reasons: (1) The property is located in an R-3 Residential Zone where under the provisions of Section 602.4.a of the Ordinance, a 5-family apartment house is not allowable. (2) The area of the lot is only about 5600 sq. ft. instead of the minimum of 32,500 sq. ft. (5500 sq. ft. per family) required by Section 602.4.B.8.

This appeal is taken under Section 24 of the Zoning Ordinance which provides such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptions or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

All persons interested either for or against this appeal will be heard at the above time and place, this notice of required public hearing having been sent to the owners of property within 500 ft. of the property in question as required by Ordinance.

Gentlemen:

Building permit and certificate of occupancy to change the use of the 2-family dwelling and store at the above named location to a 5-family apartment house are not issuable under the Zoning Ordinance for the following reasons.

1. The property is located in an R-3 Residential Zone where under the provisions of Section 602.4.a of the Ordinance a 5-family apartment house is not allowable.

2. The area of the lot is only about 5600 sq. feet instead of the minimum of 32,500 sq. feet, (6500 sq. feet per family) required by Section 602.4.B.8.

We understand that you would like to exercise your appeal rights in this matter. Accordingly, you or your authorized representative should come to this office in Room 113, City Hall to file the appeal on forms which are available here. A fee of \$15.00 for a variance appeal shall be paid at this office at the time the appeal is filed. If fee has been paid and appeal filed prior to this letter then consider this letter as a matter of formality.

Very truly yours,

Malcolm G. Ward
Plan Examiner

City of Portland, Maine
Board of Appeals
--ZONING--

*Sustained Conditionally
2/13/53*

February 23, 1953, 19 53/13

To the Board of Appeals:

Your appellant, Meldea A. Whitton, who is the owner of property at Island Ave. (Assessor's Lot #87-N-6) respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 18, Paragraph E of said Zoning Ordinance.

Certificate of occupancy to authorize storage of Liquefied Petroleum gas in cylinders to the amount of approximately 700 gallons on the lot with the store and lodge building on Island Avenue, Peaks Island is not issuable under the Zoning Ordinance because the property is located in an Apartment House Zone where such use is not allowable.

The facts and conditions which make this exception legally permissible are as follows:

An exception is necessary in this case to grant reasonable use of property where necessary to avoid confiscation and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

Meldea A. Whitton
Appellant

After public hearing held on the 13th day of February, 1953, the Board of Appeals finds that an exception is necessary in this case to grant reasonable use of property where necessary to avoid confiscation and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance, provided that no more than 700 gallons of liquefied gas will be stored on the premises at any one time and provided also that the said gas may be stored only on the proposed platform exactly as located on the lot as shown on the plan presently on file in the Building Inspector's Office.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted in this specific case, provided that no more than 700 gallons of liquefied gas will be stored on the premises at any one time and provided also that the said gas may be stored only on the proposed platform exactly as located on the lot as shown on the plan presently on file in the Building Inspector's Office.

Subject: C-53, 3 Island Ave., P. I.
(Assessor's Lot No. 87-W-6)

Dear Mr. McDonald:

In line with our conversation I am forwarding to you a sketch of my property located on Island Avenue, Peaks Island, Maine, which provides the lot dimensions and the size of my present store.

My request is to store Liquefied Petroleum gas, quantity to be approximately seven hundred (700) gallons, on my property, on an approved platform.

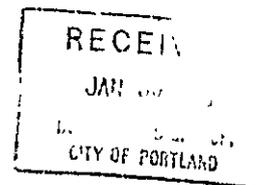

The storage location shall abide by all regulations as set forth in the Standards of the National Board of Fire Underwriters, Booklet No. 58.

Sincerely,

/cjm

Meldeau Whitton

Meldeau A. Whitton

CITY OF PORTLAND, MAINE
BOARD OF APPEALS

February 3, 1953

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine on Friday, February 13, 1953 at 10:30 a. m. Eastern Standard Time to hear the appeal of Maldern A. Whitton requesting exception to the Zoning Ordinance to authorize storage of Liquefied Petroleum gases in cylinders to the amount of approximately 700 gallons on the lot with the store and former lodge building on Island Ave., Perks Island.

This permit is presently not issuable under the Zoning Ordinance because the property is located in an Apartment House Zone where such a use is not allowable.

This appeal is taken under Section 18E of the Zoning Ordinance which provides that the Board of Appeals, by unanimous vote of its members, may permit exceptions in specific cases so as to grant reasonable use of property where necessary to avoid confiscation and without substantially departing from the intent and purpose of the Zoning Ordinance, subject always to the rule that said Board shall give due consideration to promoting public health, safety, convenience, and welfare, encouraging the most appropriate use of land and conserving property values, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

All persons interested either for or against this appeal will be heard at the above time and place, this notice of required public hearing having been sent to the owners of property within 500 feet of the premises in question as required by law.

Description: Using rear yard of store for storage of bottled gas tanks. Some stored 25' from adjoining building. Yard not used for storage in connection with business before.

NOTES:

1/19/53 - Mrs. Marguerite C. Clark called about this
matter. Also that owner is constrained to
use space in cellar. She says this will
be done within the next
10 days.

1/22/53 - Phoned Mr. Whitton who said he had entered into contract with some distributor
of liquefied petroleum gas to carry on their business on the Island, and that he had been
storing tanks of the gas in the rear yard for a week or 10 days. He was told that this
practice was in violation of the Zoning Ordinance and that he would have to take immediate
steps to remove the tanks to some lawful location. He said that he had installed large
doors in the rear wall of the basement in place of certain windows because the boys kept
breaking the windows and because the doors would give him better opportunity to carry
material through. He was told that this work undoubtedly requires a building permit,
but that we would write him further about that and the zoning violation. McD.

1/22/53 See letter. McD.

7/21/53 - No further attention necessary. JMcD

Island Ave. Peaks Island Assessor's Lot No. 87-W-6

WMCD 1/29/53

January 22, 1953

Mr. Maldeau A. Whitton
Park Ave.,
Peaks Island, Maine

Dear Mr. Whitton:

As explained to you over the phone this morning, the practice of storing tanks of liquefied petroleum gas in the rear of your store on Island Ave., Peaks Island (Assessor's Lot No. 87-W-6), a practice which I understood you to say, you commenced a week or ten days ago, is not allowable under the Zoning Ordinance because your property is in an Apartment House Zone, where such a use of property is not allowable under Sect. 8A of the Ordinance applying to such zones.

Thus you and the property are in violation of the Zoning Ordinance, a situation which I am directed by law to report to the Corporation Counsel for whatever action he deems necessary to compel compliance with the law.

While no one has any right to authorize any continuation of violation of law, it is understandable that you have entered into this practice unaware of the prohibition and may find some difficulty in placing the property in conformity with the law on the instant. If, however, these tanks are not disposed of off the property to some location where they are allowed by the Zoning Ordinance and the business of selling liquefied petroleum gas on the premises, as far as it involves any storage whatever, is not discontinued before January 29, 1953, I shall be compelled to report the violation to the Corporation Counsel for whatever action he deems necessary to compel compliance.

It also appears that there has been some type of alteration of the openings in the rear wall of your building to give better access to the basement. From your description over the telephone, it seems likely that the work done requires a building permit from this department under the Building Code before the work is started. Unless you intend to restore the former situation as to openings, it is important that you file a related application for the building permit to cover these alterations already made. With the application for the permit should be a description indicating just how the work has been done, what the purpose of it is and what the basement is being used for, how long that use has been carried on, and if you are able to ascertain, what the entire basement was used for in the latter part of 1938.

Your spoke of coming to the office to talk these matters over. It would be well to telephone and set some time when you will come, otherwise I may be out of the office when you arrive.

Very truly yours,

Warren McDonald
Inspector of Buildings

Proposed use of building Retail store, apt. and assembly hall No. families 1
Last use _____ No. families _____
Material frame _____ No. stories 2 Heat _____ Style of roof _____ Roofing _____
Other buildings on same lot _____ Fee \$.50
Estimated cost \$ 25. **PERMIT TO BE ISSUED**

General Description of New Work

To remove non-bearing partition in first story which separates the customers space of the store from the former entrance hallway of the second story assembly hall; this hallway having been used since 1938 or before as an adjunct of the retail store by the way of storage.

The second story assembly or lodge hall has not been used for a long time except for incidental storage in connection with store and otherwise; and will not be used at any time for assembly use or similar unless or until the Building Code and Safety Law has been complied with as to that use.

It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contractor. **PERMIT TO BE ISSUED TO** owner

AP Island Avenue, Peaks
Island, corner of Church
Street (H. A. Whitton)-1

January 24, 1949

Mr. H. A. Whitton
Park Avenue
Peaks Island, Maine
Mr. Roland S. Hear
Island Avenue
Peaks Island, Maine

Subject: Application for building permit to
cover alterations in the building owned by
H. A. Whitton on Island Avenue, Peaks Island,
corner of Church Street to enlarge the exist-
ing retail store there, and proposed zoning
appeal relating thereto

Gentlemen:

The building permit to enlarge this store is not issuable under the Zoning Ordinance because the property is located in an Apartment House Zone. According to Section 7A of the ordinance, the existing retail store is not included in the list of allowable uses in an Apartment House Zone, being allowed to continue because it existed when the Zoning Ordinance was adopted in 1938; and according to Section 13A, such a non-allowable or non-conforming use shall not be extended to any other part of the building.

The owner has indicated his desire to seek an exception to these provisions of the ordinance from the Board of Appeals, claiming that such an exception in this specific case would grant reasonable use of the property, is necessary to avoid confiscation and may be accomplished without substantially departing from the intent and purpose of the Zoning Ordinance. There is enclosed, therefore, an outline of the appeal procedure.

Should the appeal be successful, we will need considerable more information in order to show compliance with Building Code requirements which we are required to have shown before a building permit can be issued.

While we can hardly make a detailed check of the proposal against Building Code requirements, pending decision of the Board of Appeals, a few problems present themselves at first glance, and the owner ought to take these at least into consideration as to whether or not he can do them before filing the zoning appeal.

Unless use of the second floor for an assembly hall is to be permanently abandoned, fire resistive construction will be required between the proposed new part of the store and all parts of the assembly hall occupancy. This would probably mean the ceiling over the new part of the store, especially. If the hall were to be used, as formerly, strictly for a lodge hall without any commercial aspects whatever, it would be classified as a Minor Assembly Hall and the fire resistance over the new part of the store would have to afford one-hour fire resistance. This is usually accomplished by a ceiling plastered on metal lath or perforated Gypsum lath. If, however, there are wooden laths or other burnable plaster base or wooden sheathing or the like on this part of the ceiling now, that would have to be removed before the fire resistive materials were applied.

If the hall were to be used in any commercial way whatever, it would be classified as a Major Assembly Hall, and the fire resistive separations between the new part of the store and the hall would have to afford 2-hour fire resistance which would hardly be accomplished short of a reinforced concrete second floor slab.

There may be other provisions applying on account of the assembly hall such as enclosure of the cellar stairs, now in the dwelling house part, but understood to be proposed in the extension of the store, this in the cellar.

Whitton, Hoar ——— 2

January 24, 1948

No doubt an additional emergency exit in the rear would be required from the enlarged store.

We shall need more competent information concerning the supports of the second floor where the long bearing partition is to be removed, and this ought to be worked out by someone who knows how to figure the strength of beams and columns in proportion to the weight that will come upon them. It appears certain that the beam indicated on the plan is much too light, and other structural details will be necessary. When this improved plan is made, it ought to be blueprinted and the blueprint filed here with all of the information on it printed from the original. If it is found necessary to use structural steel for this beam or the columns, the signed statement of design of the designer is also required on the print of the plan.

Very truly yours,

Inspector of Buildings
