Dear Mr. Cuffey:

This is in further reference to your permit for a new deck for 104 Highland Street in the R-3 Residence Zone to be installed at the residence of Ms. Grace Bernier. We have searched our records and can find no permit for the installation of the swimming pool which has been installed there.

Shall we amend the building permit to include the installation of an inground pool, or can the owner produce a building permit for such installation?

Please advise this office concerning the issuance of the building permit for this inground pool.

Sincerely,

William D. Giroux
