Lots 92-F-44,45,46 - Brook Lane, Peaks Island

Mr. & Mrs. W. F. Sanborn
6963 Grande Vista Way So.
St. Petersburg, Fla. 33707

Dear Mr. & Mrs. Sanborn:

In reply to your letter we received this October, I would like to explain first that there are no sewers in this area, and therefore you would have to have a soil analysis test made by a qualified engineer to see if your property would support a septic tank system for a new dwelling at this location.

It is rather difficult to answer your question that you are asking. Your three lots are really one lot as we look at it from a building inspectors point of view, even though you may receive a bill on three different lots from the Assessors. If you set off another lot to construct a building on, then the new building and the building you now have must meet the space and bulk requirements of the Zoning Ordinance at that location which is R-3 Residential Zone. The requirements are on the Island for this zone a 15 foot rear yard and a 20 foot front yard with side yards of at least 8 feet if the building is one story high. The lot area must be at least 6,500 sq. feet, and the building cannot cover more than 25 percent of this area and the lot has to be at least 65 foot wide where the building is constructed. You would have to have at least 40 feet abutting Brook Lane.

If your cottage is located on Assessors No. 92-F-45, then the only problem I can see for that cottage is that you extend the lot forward to Brook Lane so that it abuts at least 40 feet on the street.

In summary as I stated before it is very difficult for me to answer your letter in writing, however, if you can pass a soil analysis test for septic tank system I feel that you probably could get another cottage on Lot 44 and part of Lot 46 and meet code requirements.

If I can be of any further help to you please do not hesitate to call me here at this office in City Hall. Telephone 207-775-5451, extension 235.

Very truly yours, A. Allan Soule, Asst. Director

Dear Sir

We own three lots
of land at Evergreen end,
of Peaches Island.

92-F-45^{R- Brookline}₄₄₋₄₆₋₄₅ Has a building
on it, and has 6480 sq. ft.

92-F-44^{Brookline} - Woods Rd. has
6530 sq. ft. - No Building

92-F-43^{Brookline} - Woods Rd.
6553 sq. ft. - No Building

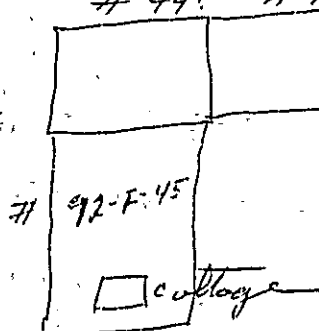

Total sq. ft. in three lots 19573

What I am interested to know
is if it is possible to put up

2.

a building on lots # 92-F-44
& 92-F-46. Do you have to
have so many sq ft. to put up
a building? If so - since
we own the three lots can
lot # 92-F-45 w/ cottage
or it be used to increase
the sq ft. needed - if the
two we will be building on
does not have the sq ft. needed?

lots are mapped so -
44? # 46?

(Could you tell
me which lot
is 44 & 46
Please)

Dear Mrs. Sanborn:

Building permit to extend the existing front porch 5' at the above named location is not issuable under the Zoning Ordinance because the distance between the front lot line and the proposed addition is only 2' instead of the 20' required by Section 602.P of the Ordinance applying to the R-3 Residential Zone in which this property is located.

We understand that you would like to exercise your appeal rights in this matter. Accordingly you or your authorized representative should come to this office in Room 123, City Hall to file the appeal on forms which are available here. A fee of \$5.00 shall be paid at this office at the time the appeal is filed. If fee has been paid and appeal filed prior to this letter then consider this letter as a matter of formality.

Very truly yours,

Malcolm G. Ward

MISCELLANEOUS APPEAL

Natalie Sanborn, owner of property at 92-F-45 Brook Lane Peaks Island under the provisions of Section 24 of the Zoning Ordinance of the City of Portland, hereby respectfully petitions the Board of Appeals to permit the extension of the existing front porch 5' at the above named location. This permit is not issuable under the Zoning Ordinance because the distance between the front lot line and the proposed addition is only 2' instead of the 20' required by Section 602.P of the Ordinance applying to the R-3 Residential Zone in which this property is located.

LEGAL BASIS OF APPEAL: Such permit may be granted only if the Board of Appeals find that enforcement of the terms of the Ordinance would result in undue hardship and desirable relief may be granted without substantially departing from the intent and purpose of the Ordinance.
