October 11, 1930

Mr. Henry A. Bailey
Chebeague Island, Maine

Dear Sir:

We have an application in your name for a building permit to cover the erection of a one story frame cottage on Little Chebeague Island, dated October 6th, 1930. You were not certain of the sizes and spacing of these timbers, and it was understood that you were to check up your material, make a framing plan, and furnish it to this office. We have received no such information to date.

While we do not wish to unduly hurry you, it is necessary that you understand that this building must comply with the Building Code as much as though it were located on the mainland, and that it is unlawful for you to proceed with any of the work until the permit card is actually in your possession and posted upon the premises where the building is to be built. Please note that the receipt which you have for the fee paid to this office is not a building permit, and does not give you the right to proceed.

Very truly yours,

Inspector of Buildings.

RM/HC

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for For Cottage
at Little Cheague Island Date _____

1. In whose name is the title of the property now recorded? Henry D Bailey
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? By a Plan of lot
3. Is the outline of the proposed work now staked out upon the ground? Yes If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? _____
4. What is to be maximum projection or overhang of eaves or drip? 12 in
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? Yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? Yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? Yes
