When referring to the attached site plan one finds that; a) the original building does not meet the minimum rear yard requirement for an R-2 zone (25 ft.), and b.) a part of the structure is within the shoreland zone.

I have met with Mr. O'Reilly and he has agreed to move his proposed cottage to the location indicated on the attached site plan. I therefore approve this plan on the condition that the proposed cottage be located as shown on the attached plan sheet.
