June 7, 1950

Mr. James J. Neely  
Wynnewood Plaza  
Wynnewood, Pennsylvania

Copy to  
Arthur Row, Director of City Planning  
with Mr. Neely's letter

Dear Mr. Neely:

The matter of extending a road on Cliff Island brought up in your letter received here June 7 does not come within the field of this department.

Probably, however, the matter of extending any such road in one that requires initiative on the part of the owners of nearby private property. Since I cannot tell you with certainty, I am forwarding your letter to Director of City Planning, Arthur Row, who is in a better position to advise you about the matter.

Very truly yours,

Warren McDonald  
Inspector of Buildings.

WMB/h

Arthur:

Mr. Neely's property is evidently Assessor's Lot No. 169B-D-16. I suspect that the road that he wants to extend is still an unaccepted street. It is my impression that no official map has been made of the Island.
