Mr. Leslie C. Baker
147 Beacon Street
Portland, Maine

Subject: Application for 4' x 12' addition to garage at 147 Beacon Street.

Dear Sir:

As explained to you we are unable to issue the permit for the above work because the front of the garage will be located closer than 50 feet to the line of Beacon Street as well as closer than five feet to the side lot line, contrary to the requirements of Section 15A6 of the Zoning Ordinance in the Residence C Zone where your property is located. Also, in order to match the present building, the height of the addition is proposed greater than the 12-foot allowable maximum height set by Section 16F of the Ordinance.

You have expressed a desire to exercise your appeal rights and accordingly we are enclosing an outline of the appeal procedure and certifying the case to the Assistant Corporation Council, who acts as clerk for the Board of Appeals. We are unable to say whether it will be possible to have this appeal heard at the next hearing on Friday, September 17 but prompt filing of it upon receipt of this letter should enhance the prospects of so doing.

Very truly yours,

To the Board of Appeals:

Your appellant, Leslie C. Baker, who is the owner of property at 147 Beacon Street, City of Portland, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 17, Paragraph E of the Zoning Ordinance,

Application for 4' x 12' addition to garage is not issuable because the front of the garage will be located closer than 50 feet to the line of Beacon Street, as well as closer than five feet to the side lot line, contrary to requirements of Section 15A6 of the Zoning Ordinance in the Residence C Zone where this property is located, and also because the height of the proposed addition will be greater than the 12 ft. maximum height allowable by Section 16F of the Zoning Ordinance.

The facts and conditions which make this exception legally permissible are as follows:—

An exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

Decision

Public hearing was held on the 17th day of September, 1948,
on petition of Leslie C. Baker, owner of property at
147 Beacon Street, seeking to be permitted an exception to the regulations of
the Zoning Ordinance relating to this property.

Application for 4' x 12' addition to garage is not issuable because the
front of the garage will be located closer than 50 feet to the line of
Beacon Street, as well as closer than five feet to the side lot line,
contrary to requirements of Section 15A6 of the Zoning Ordinance in the
Residence C Zone where this property is located, and also because the
height of the proposed addition will be greater than the 12 ft. maximum
height allowable by Section 16F of the Zoning Ordinance.

The Board finds that an exception is necessary in this case to grant reasonable
use of property and can be granted without substantially departing from the
intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted
in this specific case.
