Mr. Warren McDonald Inspector of Buildin,3 Room 110, City Wall Portland, Maine

Dear Mr. McDonald:

I would like to apply for a Certificate of Occupancy for my land at 24-32 Ashmont Street, which includes Assessor's Lot Nos. 126K3 and 127T7, so that the land may be used as a parking lot for motor vehicles.

It is realized that this property is in a Residence D zone. Such a use is not allowable under the Zoning Ordinance, but I desire to seek authorization for this use from the Zoning Board of Appeals, and will expreciate having this appeal put in line for action.

Very truly yours,

Mrs. Wilms Shortz R.R.3

Cmplt. 28-32 Ashmont St.--Use of property contrary to Zoning Ordinance

Fred G. Scribner, Jr., Esq. 465 Congress St.

Copy to Mr. Scribner

Dear Mr. Scribner,

م پر چ چ پ

It appears that Cumberland and York Distributors have formerly leased one or more of the lots at 28-32 Ashmont St., reported to be owned by Wilra W. Shorts, a non-resident who is reported to be your client.

Unaware of the application of the Zoning Ordinance to these lets Cumberland and York have been using the lots for storage of trucks and the fermer garage on the lots for containers to be used in the course of their business. The property is located in a Residence D Zone under the Zoning Ordinance, where any such business use is not allowable.

Upon inquiry Cumberland and York tell us that they have moved from their former place of business on Ashmont St., have terminated their lease of the Shortz property and have removed all of their equipment and goods from the land and building.

This seems to dispose of the violation of the Zoning Ordinance for the present; but it seemed best to advise you of the true circumstances under the Zoning Ordinance so that further difficulties may not arise in event occasion arises to again use the lots for some purpose. In any case before the lots or the building can be used for some other purpose, a certificate of occupancy is required from this department.

A copy of this letter is enclosed that you may be in position to advise the owner if you think best.

Very truly yours,

WHcD/B

Warren McDonald Inspector of Buildings

Hr. Ronald Vincent 21 Linden St.

Dear Mr. Vincent,

Investigation has been made of your complaint concerning the use of the lot at 28-32 Ashmont St., owned by Mrs. Wilma W. Shortz.

The enclosed memorandum as to what we found out seems to be the best answer I can give you. Under the circumstances the rather impossible accomplishment on the part of the City to keep the lot cleared of use, seems not worthwhile.

It is hoped that Morong Brothers will consummate the lease at an early date and will put the lot in order.

Very truly yours,

WMcD/B

November 20, 1956

GL 28-32 Ashmont Street

Because complaint was received from Ronald Vincent of 21 Linden St. that Morang Brothers and others were using the lot, owned by Wilma Shortz for business and for parking, though no certificate of occupancy had been issued and no provisions made as required by the Zoning Board of Appeals, Mr. Sowles said over the phone that his Company as such were not using the lot at all, but that the lot was being that his Company as such were not using the neighborhood for parking just as it has used by various persons engaged in the neighborhood for parking just as it has been for quire a long time. He said there was one broken down automobile on the used by various persons engaged in the tid did not belong to his Company. For some leen for quire a long time, but that it did not belong to his Company for a lease lot, as far as he could tell, but that it did not belong to his company out the prolot, as far as he could tell, but that the lease would carry out the prolot, as far as he could tell, but that the lease would carry out the prolot, as far as he could tell, but that the lease would carry out the prolot, as far as he could tell, but that the lease would carry out the prolot, as far as he could tell, but his short the lease would carry out the prolot, as far as he could tell, but he basis that the lease would carry out the prolot, as far as he could tell, but here. Sowles hopes that it will be by the first of the lot for a few years on the basis that the lease would carry out the pro-

As soon as that is done, his Company intends to put up the barriers and comply with the stipuls done of the Zoning Board of Appeals, to attempt to keep others off the lot and to carry on their business on the lot as authorized by the Board of Appeals.

Warren McDonald

Mr. Warren McDonald, Inspector Dept. of Building Inspection City of Portland, Maine Portland, Maine

Dear Mv. McDonald:

Thank you for your letter of August 27th, with details of the action by the Board of Appeals with regardito the use of my land on Ashmont Street as a perking lot, also the explanation of the procedure to follow thereafter.

I am indeed far away from the Portland area now, and the matter will be in the hands of Mr. Scribner henceforth.

I trust it will be possible to comply with all the conditions speedily, so that a proper use may be made of the property.

I would like to thank you now for the time and help you gave me, when I visited your office seeking information

Very truly yours,

Wilma W. Short (Mrs. Wilma W. Shortz)
