STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for 2-car garage Date 9/8/48  
at 65 Clifton Street

1. In whose name is the title of the property now recorded? Peter N. Thims
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? stakes
3. Is the outline of the proposed work now staked out upon the ground? yes  
If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? \_\_\_\_\_
4. What is to be maximum projection or overhang of eaves or drip? \_\_\_\_\_
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? yes

Peter N. Thims

Memorandum from Department of Building Inspection, Portland, Maine

65 Clifton Street—Construction of 2-car frame garage for and  
by Peter N. Thims—9/10/48

It is noted that the heights of the proposed building at the plate and at the ridge combine to provide an average height very close to the maximum allowable height of 12 feet set by the Zoning Ordinance. Care therefore should be taken to make sure that when built the height of the building from the grade of the ground at the front of the building to a point half way between the plate and the ridge will not be greater than 12 feet.
